Navigating Academia as a Transnational Scholar from the Global South

Roxana Chiappa Baros,Iris Viveros Avendaño,2025-08-01 This book centers on the stories of transnational early career scholars from the Global South who started their postgraduate studies as adult immigrants and international students This is a fascinating guide to navigating academia for those whose biographies and educational trajectories are not fully recognized by the traditional academia Inspired by and rooted in Indigenous epistemologies women of colour feminism and decolonial studies the 16 different authors each transnational scholars from the Global South consider the knowledge systems brought

from home that helped them to navigate academia in a foreign country and the knowledges they wished they had before entering postgraduate study Chapters cover Overcoming internalized fears and the lack of a sense of belonging Recognizing the diverse and abundant knowledges that transnational scholars bring to academia Building healthy relationships with advisors and mentors Dealing with unexpected events outside of academia while away from home Seeking jobs during and after the postgraduate degree Including contributions from leading transnational academics and supported by letters poems and drawings this book serves as a source of information and inspiration for transnational early career scholars navigating academia Insider Guides to Success in Academia offers support and practical advice to doctoral students and early career researchers Covering the topics that really matter but which often get overlooked this indispensable series provides practical and realistic guidance to address many of the needs and challenges of trying to operate and remain in academia These neat pocket guides fill specific and significant gaps in current literature Each book offers insider perspectives on the often implicit rules of the game the things you need to know but usually aren't told by institutional postgraduate support researcher development units or supervisors and will address a practical topic that is key to career progression They are essential reading for doctoral students early career researchers supervisors mentors or anyone looking to launch or maintain their career in academia

Social Theory for English for Academic Purposes Alex Ding, Michelle Evans, 2022-07-28 This book written by pioneering architects of original social theory in educational linguistic fields as well as expert practitioners systematically exposes the sociological commitments of mainstream ideas and theories in English for Academic Purposes EAP commitments which are very often not fully examined by the discipline but nonetheless shape practitioners ideas and their praxis The initial chapters outline what social theory is the normative critical descriptive social and generative purposes it serves the scope and limits of social theory and tracing the major historical traditions and recent currents This mapping of social theory is followed by a detailed argument that makes the case for the centrality of social theory for EAP practitioners and praxis and the need to develop a sociological imagination to enhance knowledge and agency of practitioners The contributions reveal the sociological foundations and commitments that underpin established theories in EAP such as genre theories systemic functional linguistics and academic literacies Each of these three major research streams in EAP is subject to critical analysis linking each of these streams to the sociological commitments that underpin them Finally the book explores the social theories and approaches that have yet to make a full or significant impact on EAP research and practice but would enable practitioners and researchers to understand educational contexts texts structures culture's knowledge production and producers and social agents with greater sociological clarity and sophistication Topics covered include social realism legitimization code theory critical realism ethnography feminism and Bourdieusian concepts for EAP The overarching aim of this volume is to position social theory much more centrally to frameworks and conceptions of the unstable and contested knowledge base for EAP practitioners and to promote a sociological imagination among and for EAP practitioners

Genres on the Web Alexander Mehler, Serge Sharoff, Marina Santini, 2010-10-01 The volume Genres on the Web has been designed for a wide audience from the expert to the novice. It is a required book for scholars, researchers and students who want to become acquainted with the latest theoretical, empirical and computational advances in the expanding field of web genre research. The study of web genre is an overarching and interdisciplinary novel area of research that spans from corpus linguistics, computational linguistics, NLP and text technology to web mining, webometrics, social network analysis and information studies. This book gives readers a thorough grounding in the latest research on web genres and emerging document types. The book covers a wide range of web genre focused subjects such as: The identification of the sources of web genres; Automatic web genre identification; The presentation of structure oriented models; Empirical case studies. One of the driving forces behind genre research is the idea of a genre sensitive information system which incorporates genre cues complementing the current keyword based search and retrieval applications.
