Nazi Propaganda For The Arab World:

Nazi Propaganda for the Arab World Jeffrey Herf, 2009-11-30 Jeffrey Herf a leading scholar in the field offers the most extensive examination to date of Nazi propaganda activities targeting Arabs and Muslims in the Middle East during World War II and the Holocaust. He draws extensively on previously unused and little known archival resources including the shocking transcriptions of the Axis Broadcasts in Arabic radio programs which convey a strongly anti-Semitic message. Herf explores the intellectual, political and cultural context in which German and European radical anti-Semitism was found to resonate with similar views rooted in a selective appropriation of the traditions of Islam. Pro-Nazi Arab exiles in wartime Berlin including Haj el Husseini and Rashid el Kilani collaborated with the Nazis in constructing their Middle East propaganda campaign. By integrating the political and military history of the war in the Middle East with the intellectual and cultural dimensions of the propagandistic diffusion of Nazi ideology, Herf offers the most thorough examination to date of this important chapter in the history of World War II. Importantly, he also shows how the anti-Semitism promoted by the Nazi propaganda effort contributed to the anti-Semitism exhibited by adherents of radical forms of Islam in the Middle East today.

Nazi Germany and the Arab World Francis R. Nicosia, 2015 This book investigates the intent and policy of Nazi Germany in the Arab world from 1933 to 1944. It analyzes Germany's support for continued European domination of the Arab states of North Africa and the Middle East and Germany's rejection of truly sovereign Arab states in those regions.

Guide to the Nazis and Arabs During the Holocaust Shlomo Alfassa, 2006-04-01 *Nazis, Islamic Antisemitism and the Middle East* Matthias Küntzel, 2023-08-01 Nazis, Islamic Antisemitism and the Middle East demonstrates the impact on the Arab world of Nazi ideology and propaganda in the 1930s and beyond. In 1937 with the brochure Islam and Judaism a new form of Jew hatred came into the world. Islamic antisemitism. The Nazis did everything they could to anchor this new message of hate through their Arabic language radio propaganda. The book sheds light on this hitherto unknown chapter of Germany's past. It presents new archive findings that show how the image of Jews in Islam changed between 1937 and 1948 under the influence of this propaganda and other Nazi activities. This fresh look at Middle East history allows for a more precise assessment of the present. What exactly is Islamic antisemitism? How is it currently manifesting itself in Germany and France? What makes it particularly dangerous? Only when we understand how strongly modern Middle East history is shaped by the aftermath of National Socialism will we be able to correctly interpret the hatred of Jews in this region and its echo among Muslims in Europe and develop adequate countermeasures. This volume will be of interest to those researching antisemitism, Nazi foreign policy and the political history of the Middle East. This book is nominated for the 2023 book prize for the best book on contemporary antisemitism awarded annually by the London Center for the Study of Contemporary Antisemitism.
