As a matter of fact concentrates on show that pet ownership might help kids in various ways Pets can help decrease stress and could in fact help children develop social and profound skills Also despite the fact that exploration on human animal association is still relatively new starting examinations have shown that pets can reduce cortisol levels decrease loneliness boost mood and increase feelings of social support Pets, Benefits and Practice British Small Animal Veterinary Association. of time and can be expensive Not everyone has the wealth to be able to become a pet owner Certain people are reticent about ushering pets into their home environments since doing so can be an encroachment on the pet's right to liberty In other words having a pet entrapped in a home environment is a disservice to a pet since it deprives them of the right to liberty A fish entrapped in a fish bowl is denied the opportunity to traverse the ocean A bird entrapped in a bird cage is denied the opportunity to fly across the sky A frog entrapped in a vivarium tank is denied the opportunity to live in wetlands A dog entrapped in a home environment is denied the opportunity to live in prairies A rabbit entrapped in a home environment is denied the opportunity to live in meadows A cat entrapped in a home environment is denied the opportunity to live in grasslands A horse entrapped in a horse pen is denied the opportunity to live in prairies Certain people are deterred to own a pet since they believe that doing so would be an encroachment on the pet's right to liberty which would thereby compromise the pet's quality of life It can be cumbersome to provide a pet with a higher standard of living than they could reap if they were able to live anywhere in the wild Not everyone is capable of providing a pet with a higher standard of living than they could reap if they were able to live anywhere in the wild It does however remain enigmatic if a pet with a mediocre standard of living is happier living with human beings in a home environment     *Making Space for Pets* Society for Companion Animals Studies Conference, 1996     Benefits to Pets from the Human-animal Bond Deanna Kay Douglas, 2005
