MBA for Children Rouble Tuli, 2024-01-06 It is a book that teaches MBA by means of animal stories. Pre-teens Zoey and Popo are two budding entrepreneurs who decide to run their very own lemonade stand during their summer break. This becomes an opportunity for their father to teach them the basics of running a business. Thus, these kids are not just squeezing lemons; they're navigating through the intricate language of MBA with the power of stories. Every chapter concludes with a concise summary providing an easy-to-understand interpretation and practical application for a successful business. **MBA for Children** is a one-of-a-kind book that seamlessly blends education, entertainment, and entrepreneurial spirit; a must-read. **F**

& S Index United States Annual, 2006 **Business Week**, 2003-11 **Chain Store Age**, 2007 **The E-Commerce Book** Alexander Graf, Holger Schneider, 2016-08-01 This book is designed for people who want to understand e-commerce and by understanding we mean first and foremost Why and What not How. Why is Amazon dominating the market? What happened between 1995 and 2015? Why were the incumbents like Walmart not able to fight back? What will become of the herd of new unicorn e-commerce companies? And what will happen to the traditional value chain on which retail companies operate? This is not a book about How, though, so don't read this hoping to learn how to master online marketing. From our point of view, the Why and What is much more challenging and important, whether you are running a company in this market or are a student wanting to break into it. In this book, we'll share what we've learned. Look forward to 150 pages of valuable material about changes in the value chain, a lively review of how e-commerce has developed over the last 20 years, 50 case studies of digital business models, large and small, three extensive interviews with leading e-commerce entrepreneurs, and strategic mind games galore for a range of industries. This book offers a unique review of the e-commerce industry and the major changes it has seen, notably what key players have done to keep up with evolving technology and heightened consumer expectations. The authors give a solid look at what any retail or brand decision maker should know about the industry's history and future. **Stephan Schambach**, Founder of **Intershop**, **Demandware**, and **Newstore**. More than ever, understanding the issues impacting the digital retail market as a whole will be critical to success in the years ahead. **Alexander Graf** and **Holger Schneider** deliver exactly the information to help you refine your perspective across markets and retail industries. **Hans Otto Schrader**, CEO **Otto Group**. **Rap Pages**, 1998 **India Today**, 2008 **The Times Index**, 2013-03 Indexes the **Times Sunday Times** and magazine **Times**, literary supplement **Times**, educational supplement **Time**, educational supplement **Scotland** and the **Times** higher education supplement **Brandweek**, 2006 **Informationweek**, 2002 **Adweek**, 2007 **The New York Times Index**, 2001 **F&S Index International Annual**, 1999
