The Cultural Legacy of Disney Robyn Muir, Emily Aguiló-Pérez, Hannah Helm, Rebecca Rowe, 2024-08-06 This book critically engages with the Walt Disney Company as a global media conglomerate as they mark their 100th year of business. It reflects on and looks forward to the past, present and future of the company and the scholarly engagement surrounding it through three key areas: Disney as a Company, Disney's Representations and Relating to Disney. Disney as a Company identifies the corporate and management cultural changes over Disney's 100 year history with contributors examining Disney's transnational media influence, changes in management strategy and Disney's recent transmedia venture. Disney's Representations features chapters critically engaging with gender, disability and iconic characters that imply cultural change. Relating to Disney embodies the crucial work examining how audiences engage with Disney with contributors exploring fashion, Disney Fandom and identity and how people engage with the space of the Parks. This edited collection explores the newer additions to the company but also reflects on the company's past over its 100 years. The chapters provide a diverse examination of the many facets of one of the most successful global media conglomerates, providing scholars, students and interested audiences a global and interdisciplinary snapshot of the Walt Disney Company at 100 years. *Reasserting the Disney Brand in the Streaming Era* Robert Alan Brooke, Jason Phillips, Timothy Pollard, 2023-04-07 *Reasserting the Disney Brand in the Streaming Era* investigates the evolution of the Disney brand at a pivotal moment: the move from content creation to acquisition and streaming and how the company reasserted its brand in a changing marketplace. Exploring how Disney's acquisition of Pixar, Marvel, Lucasfilm and Fox positioned the company to launch the Disney streaming service, the chapters look at the history of those acquisitions and the deployment of the content brands and intellectual property from those acquisitions through an analysis of the original content that appeared on Disney. Offering a focused investigation of how the content offered from these various media brands was adapted for Disney so that it reflects the Disney brand, the authors illustrate through close textual analysis how this content reflects elements of the Classic Disney Style. The analysis positions these texts in relation to their industrial contexts while also identifying important touchstone texts both television and film in Disney's catalog. This comprehensive and thoughtful analysis will interest upper level students and scholars of media studies, political economy, Disney studies, media industries and new technology. **An Introduction to Global Media for the Twenty-First Century** Ole J.
