beautiful moving and thoughtful story about how far we're willing to go for family Kathleen Glasgow New York Times bestselling author of *Girl in Pieces* Vera Rivers' life is split in two before her twin sister Ava disappeared twelve years ago and after. Before was hot Junes and ice cream trucks dancing in sprinklers loud Christmas mornings and pancakes on Saturdays. The after is everything else: police officers, investigators, tips, theories, leads but never any answers. The case made headlines, shocked Vera's Northern California community and turned her family into tragic celebrities. Now at eighteen, Vera is counting down the days until she starts her new life at college in Portland, Oregon, far away from the dark cloud she and her family have lived under for twelve years. But all that changes when a girl shows up at the local hospital. Her name is Ava Rivers and she wants to go home. Ava's return begins to mend the fractures in the Rivers family. Vera and Ava's estranged older brother returns. Vera reconnects with Max, the sweet, artistic boy from her childhood. Their parents smile again. But the questions remain: Where was Ava all these years? And who is she now? Powerful and gripping, *The Second Life of Ava Rivers* is equal parts thriller, mystery and haunting meditation on grief, family and forgiveness.

Dressed for Thrills Mark Alice Durant, 2002-10. A whimsical array of ghosts and goblins, spooks and skeletons, animals and nursery room characters parade through this unparalleled collection of more than one hundred years of American Halloween costumes and masquerade. Photographer Phyllis Galembo approaches her subjects with the delight and wonder of one who has discovered an entire cast of characters backstage in an abandoned theater. Through her lens, the costumes rise from the dead to once again dance, play and amuse. Ranging from handmade to store-bought, satin to polyester, the masks, wigs and costumes, whether recognizable figures or obscure pique our childhood memories. In her celebration of Halloween revelry, Galembo never settles for the ordinary; instead, she creates evocative scenes of dressed-to-scare young trick-or-treaters, modeling their disguises and of undead spirits haunting their surroundings. The costumes, which span over a century, take on magical qualities through fanciful sets and specialized lighting effects. Accompanying the costumes is a history of this always popular holiday and essays discussing Galembo's inspirations and techniques. Through her art, Galembo allows us to act out our youthful fantasies of transformation to become or at least observe what we most want to be free of inhibitions of fixed.
