The focus of this book is how to teach phonemic awareness, phonics, comprehension, vocabulary, fluency, and ongoing classroom assessment. Special features include a theory chapter to ground literacy background knowledge, an infusion of the most current research available to inform practice, and all five No Child Left Behind initiatives regarding phonemic awareness, phonics, comprehension, vocabulary, and fluency. A newly organized assessment chapter presenting four purposes of assessment as identified by Reading First legislation, including outcome assessment, screening instruments, diagnostic assessment tools, and ongoing progress monitoring assessments.
