**Scotland Today and Yesterday** John MacKay, 2024-12-15 This book is the story of a changing Scotland as it was heard and seen by the people of Scotland. We all may have our ideas about where we are headed as a nation and a society but none of us knows. That makes what lies ahead so fascinating. Just like what's gone before. JOHN MacKAY John MacKay is one of Scotland's best known broadcasters. His career as a reporter, anchor and presenter has spanned from the Thatcher Years to the Independence Referendum and beyond. MacKay has been witness to the major stories in the country's recent past. There have been the tragedies of Lockerbie, Dunblane and Clutha, sporting triumphs and tears, the opening of the new Scottish Parliament, the drama of parliamentary elections and referendums, interviews with Prime Ministers and First Ministers, and the death of Donald Dewar. From being in a room with a grizzly bear to trying to calm an irate and topless Alex Salmond, MacKay's career has been nothing if not varied. Using archive scripts, interview transcripts, recollections and personal diaries, he tells the story of one of the most tumultuous periods in Scotland's peacetime history. *PC Mag*, 1983-10. **Short Stories Two** Duncan L. Dieterly, 2008-10-28. This is a book of twelve fictional stories. Short stories that should entertain and enchant the reader. They may also fascinate, enlighten, frighten, anger, and excite the reader. The author attempts to provide entertainment mixed with some interesting concepts and perceptions that may offend some, challenge others, and delight those remaining. The stories range from science fiction to western and always reflect a unique social perspective and analysis. They are a mixture of whimsy, wit, what if, and social commentary. He wishes to grow to be a teller of tales who titillates his audience. Hopefully, you, the reader, will be inspired and enthralled by one or more of these new stories.

**Listening to Children** Carol Lewis, 1992-06. In presenting eight cases of children ranging in age from three to 16 years, Lewis ties the therapeutic process to the pertinent psychoanalytic, behavioural, existential, and family literature. Believing that each of these therapies has value, she argues for the use of a combination of treatments. *Listening to Children* Carol R. Lewis, 1985
