*Opera* Alexandra Wilson,2010 Despite being dismissed as outdated and excessive operas in fact address the most fundamental and universal human concerns love death jealousy greed and power Revealing the diverse reasons behind opera s lasting appeal opera champion and expert Alexandra Wilson provides a lucid and engaging introduction to the agendas that have governed its composition production and reception over the last four centuries The Metropolitan Opera Guide to Recorded Opera Paul Gruber,1993 A guide to recordings of operas Opera Guide Gerhart von Westerman,1973 *A Guide to the Opera (Classic Reprint)* Esther Singleton,2017-12-23 Excerpt from A Guide to the Opera There is a very strong

tendency at the present day to represent great works without cuts and entirely in accordance with the composer's intentions. The reverence of the Wagnerites for their idol is responsible for this movement which has now spread to the works of Mozart. There is therefore no necessity for me to apologize for treating each work as fully as limited space would allow. MCSPADEN, 2018      Performing Opera Michael Ewans, 2016-02-25 In *Performing Opera: A Practical Guide for Singers and Directors* Michael Ewans provides a detailed and practical workbook to performing many of the most commonly produced operas. Drawing on examples from twenty-four operas ranging in period from Gluck and Mozart to Britten and Tippett, it illustrates exactly how opera functions as dramatic form. Grounded in close analyses of performances of thirty scenes and five whole operas by first-rate singers and celebrated directors, *Performing Opera* provides readers with an appreciation of the unique challenges and skills required by performers and directors. It will assist them in their own performance and equip them with detailed knowledge of works most commonly featured in the repertoire. In the first part of the book the analysis progresses from scenes in which the singers are silent via arias and monologues, duets and confrontations up to ensembles. Wider issues are subsequently addressed: encounters with offstage events, encounters with the numinous, characterization and the sense of inevitability in tragic opera.

**Opera Synopses** Joseph Walker McSpadden, 2014-02 This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.
