Vasilescu, Laszlo Zsido, 2006-03-30 The Romanian conferences in operator theory as they are now commonly called have started in the year 1976 as an annual workshop on operator theory held at the University of Timi soara originally only with Romanian attendance The meeting soon evolved into an international conference with an increasingly larger participation It has been organized jointly initially by the Department of Mathematics of INCREST and by the Faculty of Sciences of the University of Timi soara then since 1990 by the Institute of Mathematics of the Romanian Academy and the Faculty of Mathematics of the West University of Timi soara The venue was usually Timi soara and occasionally Herculane Bucharest or Predeal Since 1986 the conference has been regularly held biannually at the beginning of the summer The 19th Conference

on Operator Theory OT 19 took place between June 27th and July 2nd 2002 at the West University of Timi soara It is a pleasure to acknowledge the considerable nancial support received through the p gramme EURROMMAT of the European Community under contract ICA1 CT 2000 70022 Partial support has also been provided by the Romanian Ministry of Education Research and Youth grants CERES 152 2001 and 153 2001 The full programme of the conference is included in the sequel It is worth mentioning also a special event that has taken place during the conference p fessor Israel Gohberg has been awarded the title of Doctor Honoris Causa of the West University of Timi soara
