**The "Peak Oil" Scare and the Coming Oil Flood** Michael C. Lynch,2016-07-25 Is the earth s oil supply starting to run out or is there far more oil than some experts believe This book points out flaws in the research used to warn of an oil shortfall and predicts that large new reserves of oil are soon to be tapped In the last decade oil experts geologists and policy makers alike have warned that a peak in oil production around the world was about to be reached and that global economic distress would result when this occurred But it didn t happen The Peak Oil Scare and the Coming Oil Flood refutes the recent claims that world oil production is nearing a peak and threatening economic disaster by analyzing the methods used by the theory s proponents Author Michael C Lynch former researcher at Massachusetts Institute of Technology MIT debunks the Peak Oil crisis prediction and describes how the next few years will instead see large amounts of new supply that will bring oil prices down and boost the global economy This book will be invaluable to those involved in the energy industry including among those fields that are competing with oil as well as financial institutions for which the price of oil is of critical importance Lynch uncovers the facts behind the misleading news stories and media coverage on oil production as well as the analytic process that reveals the truth about the global oil supply General readers will be dismayed to learn how governments have frequently been led astray by seeming logical theories that prove to have no sound basis and will come away with a healthy sense of skepticism about popular economics

**The Value Line Investment Survey** ,2009     **Elle** ,2008-08     *Understanding Apple's Global Tax Strategy in Ireland* J.G.S. Yang,2016 Apple Inc Apple is a U S registered domestic corporation in the United States However it owns a subsidiary corporation in Ireland and many retail chain stores in Europe Apple takes advantage of many differences in tax laws between the United States and Ireland such as tax rates tax policies and deferral tax Apple further entered into agreement with the Irish government for the tax status of its subsidiary corporation and profit allocation scheme among other entities As a result Apple tax liability in Ireland is reduced to an unusually low level On 30 August 2016 the European Commission the Commission charged the Irish government with granting preferential tax treatment and illegal tax subsidies to Apple It also charged Apple with unreasonable business practice As a consequence the Commission ordered Apple to repay 14 5 billion to the Irish government This article investigates the Irish government s tax policy and Apple s tax strategies It further points out Apple s defense

Offshore Profit Shifting and U. S. Tax Code Weaknesses Reny Toupin,2013 On 21 May 2013 the Permanent Subcommittee on Investigations PSI of the U S Senate Homeland Security and Government Affairs Committee held a hearing that was a continuation of a series of reviews conducted by the Subcommittee on how individual and corporate taxpayers are shifting billions of dollars offshore to avoid U S taxes This book examines those hearings and how Apple Inc a U S multinational corporation has used a variety of offshore structures arrangements and transactions to shift billions of dollars in profits away from the United States and into Ireland where Apple has negotiated a special corporate tax rate of less than two percent This book examines how Apple Inc transferred the economic rights to its intellectual property through a cost sharing agreement with its own offshore affiliates and was thereby able to shift tens of billions of dollars offshore to a low tax jurisdiction and avoid U S tax Apple Inc then utilised U S tax loopholes including the so called check the box rules to avoid U S taxes on 44 billion in taxable offshore income over the past four years or about 10 billion in tax avoidance per year The book also examines some of the weaknesses and loopholes in certain U S tax code provisions including transfer pricing Subpart F and related regulations that enable multinational corporations to avoid U S taxes
