Endorsements In this book the talented and eloquent philosopher Philip Brey carefully explains the history and ideas behind the metaverse and the prospects for its further development and adoption. That detailed information meticulously presented makes this a valuable read. But that is just the start. In later chapters Brey just as skillfully describes the opportunities and vulnerabilities that a metaverse is likely to generate. These chapters are thorough precise and offer profound insights into our possible futures. Some of the possibilities are exciting. Others are frightening.
