Roblox Pets How To Near Me:

Educational Metaverse Pocket Edition Francisco Tupy, Helena Poças Leitão, 2023-05-08 We are entering into the next great world technological revolution The metaverse is a virtual world that replicates reality seeking to expand social connections In the very near future the boundaries between the physical and the virtual will slowly dissolve In the metaverse we will be able to go to work attend concerts meet friends study and do practically everything else we currently do in the physical world This book explores concepts reflections examples of use platforms applications devices new marketing techniques pedagogical activities and many other contents related to this new virtual world seeking to introduce education professionals to a subject that despite still being so controversial is extremely important for our understanding of the future

Tokens Rachel O'Dwyer, 2025-09-23 Longlisted for the Financial Times Schroders Business Book of the Year Award 2023 BEST BOOK OF THE YEAR GQ Los Angeles Times Wired The essential guide to this new landscape of NFTs Web3 Crypto and DAOs and a warning of the political consequences of what happens when platform capitalism comes for the money in your pocket Wherever you look money is being replaced by tokens Digital platforms are issuing new kinds of money like things phone credit shares gift vouchers game tokens customer data the list goes on But what does it mean when online platforms become the new banks What new types of control and discrimination emerge when money is tied to specific apps or actions politics or identities Tokens opens up this new and expanding world Exploring the history of extra monetary economies Rachel O Dwyer shows that private and grassroots tokens have always haunted the real economy But as the large tech platforms issue new money like instruments tokens are suddenly everywhere Amazon's Turk workers are getting paid in gift cards Online streamers trade in wishlists Foreign remittances are sent via phone credit Bitcoin gift cards NFTs customer data and game tokens are the new money in an evolving economy It is a development challenging the balance of power between online empires and the state Tokens may offer a flexible even subversive route to compensation But for the platforms themselves they can be a means of amassing frightening new powers An essential read for anyone concerned with digital money inequality and the future of the economy

We the Gamers Karen Schrier, 2021 Distrust Division Disparity Is our world in disrepair Ethics and civics have always mattered but perhaps they matter now more than ever before Recently with the rise of online teaching and movements like PlayApartTogether games have become increasingly acknowledged as platforms for civic deliberation and value sharing We the Gamers explores these possibilities by examining how we connect communicate analyze and discover when we play games Combining research based perspectives and current examples this volume shows how games can be used in ethics civics and social studies education to inspire learning critical thinking and civic change We the Gamers introduces and explores various educational frameworks through a range of games and interactive experiences including board and card games online games virtual reality and augmented reality games and digital games like Minecraft Executive Command Keep Talking and Nobody Explodes Fortnite When Rivers Were Trails Politicraft
