Writing Around the Ancient Mediterranean Philippa M. Steele, Philip J. Boyes, 2022-10-06 Writing in the ancient Mediterranean existed against a backdrop of very high levels of interaction and contact. In the societies around its shores writing was a dynamic practice that could serve many purposes from a tool used by elites to control resources and establish their power bases to a symbol of local identity and a means of conveying complex information and ideas. They focus on practices viewing writing as something that people do within a wider social and cultural context and on adaptations considering the ways in which writing changed and was changed by the people using it
