Assuming only a previous course in basic microeconomics, *Economics of Crime and Enforcement* is an innovative book which is strongly linked to the new theoretical and empirical journal literature. Showing the power of microeconomics in action, Yezer covers a wide array of topics including benefit cost and the imprisonment decision, enforcement games, juvenile crime, private enforcement, economics of three strikes, law broken windows, strategies, police profiling, crime in developing countries, as well as guns, drugs, and capital punishment. This second edition has been fully updated to reflect the latest developments in the field and features new chapters on behavioral economics and crime and crime and large cities. Problem questions provided at the end of each chapter allow students to reinforce their microeconomics skills and gain insight into the way they can be applied to case and application examples. Teaching resources including PowerPoint slides and answers to problem questions provide further support for instructors delivering courses on the economics of crime in a variety of settings.

Falling for Work: A Story of Death and Determination Kimberly Messer, 2015-08-12. When Dan loses his best friend to an occupational accident, he questions everything. Did the company do enough to protect him? Are the rest of us protected from this happening again? Dan's questions turn into an unshakeable resolve to improve safety for the company to make sure

that his friend didn't die in vain Dan's journey from ignorance to expertise illustrates how all organizations can and should approach protecting workers at heights *IEEE Trial Use Guide for Fall Protection for the Utility Industry* IEEE,1997
