**Measuring Quality of Undergraduate Education in Japan** Reiko Yamada,2014-04-18 This book explores how the global trend of quality assurance in higher education is related to the boom of measuring learning outcomes in Japan It also presents a comparative study in higher education policy between Japan and the US examining how both countries have reacted to the demands of globalization This comparative view will help readers understand the present issues Japanese higher education faces and grasp the commonalties and differences between American and Japanese higher education The book first explores the forces of globalization that have resulted in Japanese universities emphasizing student learning outcomes Next it examines how Japanese higher education has learned from the experience of the U S whose higher education reform has been regarded as a model for Japan The book explains why quality assurance for teaching and learning has become important for all Japanese higher education institutions Higher Education on a global basis is now facing a great issue In order to help students in a competitive global market universities need to become more teaching and learning centered and develop more internationalized curricula This book provides comparative views for cultural and structural similarities and differences in higher education in two countries which could explain significant differences in the gains students make in college It will help readers understand not only how student learning outcomes can be measured but why universities throughout the world must continually strive to become world class institutions

**The International Student's Guide to the American University** Gregory Allen Barnes,1991

**The Inequality Machine** Paul Tough,2021-03-04 Indelible and extraordinary a powerful reckoning with just how far we ve allowed reality to drift from our ideals Tara Westover New York Times Book Review We re told that universities are our greatest driver of social mobility But it s a lie The Inequality Machine is a damning expos of how the university system ingrains injustice at every level of American society Paul Tough bestselling author of How Children Succeed exposes a world where small town colleges go bust while the most prestigious raise billions every year where overstretched admissions officers are forced to pick rich candidates over smart ones where black and working class students are left to sink or swim on uncaring campuses Along the way he uncovers cutting edge research from the academics leading the way to a new kind of university one where students succeed not because of their background but because of the quality of their minds The result is a call to arms for universities that work for everyone and a manual for how we can make it happen Humanizes the process of higher education Fascinating stories about efforts to remediate class disparities in higher education New Yorker

[Recent Progress in Slow Sand and Alternative Biofiltration Processes](#) Rolf Gimbel,Nigel Graham,M. Robin Collins,2006-03-31 Slow sand filtration is typically

cited as being the first engineered process in drinking water treatment Proven modifications to the conventional slow sand filtration process the awareness of induced biological activity in riverbank filtration systems and the growth of oxidant induced biological removals in more rapid rate filters e g biological activated carbon demonstrate the renaissance of biofiltration as a treatment process that remains viable for both small rural communities and major cities Biofiltration is expected to become even more common in the future as efforts intensify to decrease the presence of disease causing microorganisms and disinfection by products in drinking water to minimize microbial regrowth potential in distribution systems and where operator skill levels are emphasized Recent Progress in Slow Sand and Alternative Biofiltration Processes provides a state of the art assessment on a variety of biofiltration systems from studies conducted around the world The authors collectively represent a perspective from 23 countries and include academics biofiltration system users designers and manufacturers It provides an up to date perspective on the physical chemical biological and operational factors affecting the performance of slow sand filtration SSF riverbank filtration RBF soil aquifer treatment SAT and biological activated carbon BAC processes The main themes are comparable overviews of biofiltration systems slow sand filtration process behavior treatment performance and process developments and alternative biofiltration process behaviors treatment performances and process developments

*The Years That Matter Most* Paul Tough, 2019-09-12 What has gone wrong in our universities And how do we make it right When Amy applied to university she thought she d be judged purely on her merits But she never thought that her family background would have as much impact on her future as her grades When KiKi arrived at university she knew she could be the only black woman in her class But she didn t know how out of place she would feel nor how unwelcoming her peers would be When Orry graduated from university he was told he d probably land a six figure salary But he wasn t told he d end up barely scraping a living wage struggling to feed his children Drawing on the stories of hundreds of American students *The Years That Matters Most* is a revelatory account of a university system in crisis Paul Tough bestselling author of *How Children Succeed* exposes a world where small town colleges go bust while the most prestigious raise billions every year where overstretched admissions officers are forced to pick rich candidates over smart ones where black and working class students are left to sink or swim on uncaring campuses Along the way he uncovers cutting edge research from the academics leading the way to a new kind of university one where students succeed not because of their background but because of the quality of their minds The result is a call to arms for universities that work for everyone and a manual for how we can make it happen
