**Strategic Capitalism: The New Economic Strategy for Winning the Capitalist Cold War : The New Economic Strategy for Winning the Capitalist Cold War** Richard D'Aveni,2012-07-31 The Capitalist Cold War Has Begun The United States and its economic allies are under attack by a force unlike any they have ever faced China and other emerging nations are competing for markets around the world using their own versions of capitalism and thus far they are winning handily In Strategic Capitalism one of the world s leading authorities on global business strategy Richard D Aveni describes how the economic cold war began how it is being played out now and how the West can change the course of events in its favor Brilliantly conceived and sure to ignite passions on both sides of the political aisle Strategic Capitalism calls for an end to the economic idealism that dominates the national dialog It also calls for a cold hard focus on reality which is this government managed capitalist systems consistently outmaneuver and outperform the traditional laissez faire capitalism of the West With refreshing levels of thoroughness knowledge and detachment D Aveni describes the competitive landscape today These are the facts The world s best competitors with China in the lead have adopted elements of managed capitalism in which government and businesses work together toward a single aim China s objective is clear to displace the United States as the world s economic leader by becoming the global rule maker If the West does not act soon it stands to lose everything it holds most dear financial prosperity economic freedom geopolitical power national security and even democratic values This is disruptive innovation on a global scale But instead of companies using breakthrough products and brands to gain market share nations are devising game changing economic systems to seize influence over and beyond the global economy Bleak as the situation may be D Aveni contends that the West can reverse the trends currently tilting the global balance of power In order to meet the challenges of the future America must revisit long held assumptions about economics and economies seriously consider radical alternative policies and embrace the concept of Strategic Capitalism Praise for Strategic Capitalism Richard D Aveni understands that managing competition between the United States and
