### Cyber Monday: The Big Online Shopping Day

**What is Cyber Monday?**

Cyber Monday is a special day when many stores offer big discounts on items sold online. It falls on the Monday after Thanksgiving in the United States. People started using the term in the early 2000s when more shoppers began to buy things using the internet instead of going to stores.

**How did it begin?**

After Thanksgiving, people often go shopping on Friday for holiday deals. That day is called Black Friday. Later, stores noticed many customers shopped online the following Monday, especially from work or home where internet connections were faster. Retailers began advertising online-only deals for that Monday and called it Cyber Monday. It quickly became a popular day for online bargains.

**Why do stores offer deals on Cyber Monday?**

Stores want to encourage people to buy gifts and other items for the holiday season. By offering special prices online, businesses attract more customers, clear out older inventory, and compete with other stores. Many companies also use Cyber Monday to promote new products and build excitement for the holidays.

**How do shoppers prepare?**

Smart shoppers plan ahead. They make lists of things they want, compare prices between websites, and read reviews to learn if products are good quality. Many people sign up for emails from stores to get early access to deals. Some shoppers set alarms for the start of sales so they can try to buy popular items before they sell out.
