Doordash Tips Customer Service:

Enshittification Cory Doctorow, 2025-10-14 Longlisted for the Financial Times and Schroders Business Book of the Year 2025 Misogyny conspiratorialism surveillance manipulation fraud and AI slop are drowning the internet For the monopolists who dominate online X TikTok Amazon Meta Apple this is all part of the playbook The process is what leading tech critic Cory Doctorow has dubbed enshittification First the platform attracts users with some bait such as free access then the activity is monetized bringing in the business customers and degrading the user experience then once everyone is trapped and competitors eradicated the platform wrings out all the value and transfers it to their executives and shareholders As a result online public squares have become places of torment and online retailers are hellish dumpster fires The virtual gathering places where we once imagined the world's problems might be resolved are now a sewer of hatred and abuse thoroughly enshittified Doctorow enumerates the symptoms lays out the diagnosis and identifies the best responses to these diseased platforms the monopolies online must be shattered Companies too big to fail or to jail and much too big to care must be cut down to size Only an attack on corporate power will permit effective regulation and real privacy Tech unions must protect the workers who should in turn defend us against their bosses sadism and greed Praise for The Internet Con One of the Internet's most interesting writers Edward Snowden This book fills me with hope that a radical yet plausible alternative to computational tyranny can be developed and deployed Douglas Rushkoff author of Survival of the Fittest This book is the instruction manual Big Tech doesn't want you to read It deconstructs their crummy products undemocratic business models rigged legal regimes and lies Crack this book and help build something better Astra Taylor A brilliant barn burner of a book Cory is one of the sharpest tech critics and he shows with fierce clarity how our computational future could be otherwise

Kate Crawford author of The Atlas of AI *The Handbook for the Future of Work* Julie MacLeavy, Frederick Harry Pitts, 2024-12-26 The Handbook for the Future of Work offers a timely and critical analysis of the transformative forces shaping work and employment in the twenty first century Focusing on the past two decades the handbook explores how technological advancements automation and a shifting capitalist landscape have fundamentally reshaped work practices and labour relations Beyond simply outlining the challenges and opportunities of automation the handbook integrates these emerging realities with established discussions of work Importantly it moves beyond dominant technology centric narratives probing into broader questions about the nature of capitalism in a time of crisis and the contestation for alternative economic models With contributions from established and emerging authors based in institutions around the world the handbook offers a systematic overview of the developments that have sparked radical shifts in how we live and work and their multifaceted impacts upon social relations and identities practices and sectors politics and environments The handbook is unique in its exploration of the potential for economic transformations to reshape the centrality of work in our social and political imaginaries A useful resource for students and researchers the handbook serves as an essential guide to this new intellectual

landscape **Population Change and Public Policy** Billystrom Jivetti,Md. Nazrul Hoque,2020-12-04 This book provides a solid empirical portrait based on the complexities of demographic components of population change It describes recent innovations trends challenges and solutions to population change and public policy issues such as but not limited to immigration gender discrimination in the labor market student housing teen pregnancy programs smoking and alcohol consumption and environment and self rated health As such it provides an interesting platform for academics researchers policy makers and students to explore experiences and research findings on special topics in applied demography and how those inform the field of population studies and public policy

Contract Law and International Trade Regulation Pierre de Gioia Carabellese,Camilla Della Giustina,2025-12-15 Contract law and international trade are two significant and distinct areas of legal practice that often intersect While rooted in the standard contract law syllabus this comprehensive advanced textbook seeks to examine the interaction between contract law rules and international trade regulation It blends in depth discussion of the most important traditional legal concepts in both these areas of the law with a careful analysis of emerging issues and more contemporary topics such as digital contracting trade in services and the Europeanisation of contract law at the level of the European Union Facilitating engagement with the subject matter in a way that bridges foundational legal principles and contemporary debates the authors provide a rigorous intellectual analysis of the law where both precedents and applicable legislation are discussed critically A comparative analysis is offered between English common law which is used as the constant yardstick and its EU counterpart Focusing on key themes such as globalisation IT and digitalisation ESG and sustainability the Covid 19 pandemic Brexit and human rights this book allows readers to deepen their knowledge and understanding of contract law and international trade regulation while developing an appreciation of the contemporary relevance of these areas of the law and their challenges Contract Law and International Trade Regulation will be a valuable text for advanced undergraduate and postgraduate law students

The Employee Experience Revolution John R. DiJulius,David D. Murray,2024-06-10 Create a World Class Workforce Every business out there is interested in earning profits But sometimes the bottom line is not the best indicator of a company s long term health In the wake of the Great Resignation companies are scrambling to hold on to both employees and profits It turns out that one answer is the key to both The Employee Experience Revolution divulges the little known secret of how to become a more profitable company in both the short and long term happy employees Your customers will never be any happier than your employees Your people create and deliver the experience that keeps customers coming back Authors John DiJulius III and David Murray founder and VP of consulting respectively of The DiJulius Group are experts in the customer and employee experience industry The companies they have advised include Starbucks Chick fil A Lexus and The Ritz Carlton The goal is to have processes and a culture that encourage employees to naturally buy in to a company s brand so they voluntarily sing their employer s praises while providing stellar customer service Pay is only one factor A healthy organization will strive to give their employees job

satisfaction by providing purpose recognition appropriate expectations and even like minded coworkers The principles in this book can be applied to any company large or small to help improve how their organization runs as well as their bottom line

Chasing We-ness William Marsiglio,2023-02-27 As humans we embrace our individuality yet we chase the comfort and sense of purpose that comes from being part of a group Especially timely given our polarized world Chasing We ness examines how social media AI new leadership styles and other modern developments affect our state of we ness It illuminates how our contemporary identities find expression in both progressive and conservative social movements that foster a sense of we ness Embracing the reality that we re all in this together the book interrogates our efforts to achieve a state of we ness that rejects hate social injustice and autocratic agendas in the twenty first century This book explores why how and with what effect we build we ness into our lives in both healthy and destructive ways William Marsiglio draws on his expertise as a leading sociologist to explore the motivational forces that inspire a sense of group belonging in intimate groups civic organizations thought communities sports and leisure activities and work Promoting initiatives that cultivate mindfulness empathy altruism and leadership Chasing We ness proposes essential life skills to empower us reduce social divisions strengthen the social fabric and uplift our spirits as global citizens
