**Results Now 2.0** Michael J. Schmoker, Mike Schmoker, 2023-05-05 Decades of research clearly show what works in schools yet a huge gap persists between those instructional best practices and what is widely taught and not taught in classrooms today. In *Results Now 2.0* Mike Schmoker expands on his bestselling book and offers a broader deeper analysis of the entire K-12 education system and how it can improve. He describes a systemic buffer of policies, pedagogy, and initiatives that prevents everyone—teachers, students, and parents—from understanding our collective failure to align instruction with evidence of what works. We need to bridge the gap between proven practice and common practice. By focusing on the fundamental elements of curriculum, literacy, and effective instruction, Schmoker offers hope for the future. He describes schools that have successfully used evidence and strategic practice to remove the buffer and he shows how schools can improve quickly. This book is a call for both educators and the public to demand transparency and fidelity to the most effective actions that transform our schools and help us see results now.

The book includes chapters on How children learn to read and how phonics helps, The role of early phonics teaching, Classroom approaches to phonics teaching, Involving parents and carers, Speaking and phonological awareness, Spelling links, Staff development, Responses to the Rose Review on Early Reading. Stories from the company's struggles help make this culture visible. In *Let's Kill Dick* and *Jane* Harold Henderson gives a historical yet personal portrait from the company's beginnings through all the financial and cultural travails and its sale in 1996 to McGraw Hill. It shows how a company of idealistic pragmatists can chip away at the edifice of mediocrity that has become American education.
