

How to be at peace now? By making peace with the present moment. The present moment is the field on which the game of life happens. It cannot happen anywhere else. Once you have made peace with the present moment, see what happens, what you can do or choose to do, or rather what life does through you.

Peace In The Present Moment

Peace In The Present Moment:

Awake to What Is Joseph Kauffman, 2020-11 Many of us live as if we're in a dream. We are not awake to the reality of life as it truly is but instead spend the majority of our time consumed by the illusory reality of our thoughts a reality of imaginations fantasies words beliefs concepts ideas opinions judgements and social conventions. We often live as if we are on auto pilot our body is doing one thing and our mind is on vacation somewhere else and so we miss out on our life experience consumed and distracted by thoughts unaware of what we are actually doing in the present moment. When we aren't present to life it makes us feel vaguely but persistently dissatisfied. This sense of dissatisfaction of a gap between us and everything else is the essential problem of human life. It is the basic truth of our suffering both individually and collectively. Individually it causes suffering because it creates a sense of separation between us and life which results in feelings of fear and isolation that lead to unnatural and destructive behaviors. Collectively this manifests as violence between humans, harm toward other living beings and destruction of our own environment. Our individual suffering and delusion causes us to act in harmful ways that contributes to the suffering of all life on earth and unless we wake up to reality we'll continue to live in our dream of separation and we'll continue to act in destructive ways because of it. If we awaken to the present moment however we can see that we are not separate from life we are life. Everything is existing together here and now in this moment. Not only does waking up to the present moment bring us peace, happiness and fulfillment it brings us in touch with the reality of our shared existence. If we can awaken to the true reality of what is we can realize our own fundamental being and its inseparability from the being within all beings. This book is a guide to awakening from the dream of the mind and its projections awakening to reality as it is in the present moment and realizing the reality of our own presence by doing so *This Moment* Matt Valentine, 2016-03-04 A Step by Step Practice Guide for Living More Fully and Freely in the Present Moment with Mindfulness and Loving Kindness. We all want the same thing. We all want to realize freedom we all want to discover true peace and happiness by coming to a place where we can live fully and freely in this moment as it is. That's all any of us ever want out of our lives no matter what our efforts look like on the outside. But most of us lack clarity and this lack of clarity misguides us to pursuits such as the collection of wealth, fame and power in an attempt to fill the void we feel in our hearts. But none of these things will ever fill us up and until we realize this we'll never become truly fulfilled and at peace. In each moment we have an appointment with the present moment. And when we miss that appointment we miss our appointment with life. This more than anything is the reason for our pain, suffering and discontent. But mindfulness by itself isn't enough. There is so much that can get in the way of our practice so many challenges that we're faced with and other important qualities that need to be cultivated. You need a complete plan if you wish to live more fully and freely in the present moment. And that's why I wrote *This Moment*. *This Moment* is for Beginners just starting with the practice of mindfulness meditation and whom who don't know exactly where to start. Those who have practiced for some time but are experiencing challenges in

their life and practice Anyone who has found pain and suffering through personal especially intimate relationships be it through separation or the loss of a loved one and wants to heal those wounds As well as for those simply desiring to live a happier and more peaceful life and who want a more thorough step by step guide for bringing that to life in an effective way that doesn t ignore the fact of life s many challenges This Moment doesn t feed you a bunch of fluff and feel good words it s a practical and insightful guide to navigating the challenges of daily life more skillfully and coming out the other end happier and more at peace Life is multifaceted and you can t ever hope to be happy and at peace if you ignore your challenges and difficulties It s in facing those very challenges that we discover peace and happiness This Moment takes you through a step by step practice for designing an environment and life more conducive to peace happiness and self love plus it helps you work through many of the major challenges that keep us from living in peace and realizing true freedom Let This Moment be your guide and a loving companion to a life lived more fully and freely in this moment by learning to touch the peace of the present moment with all of your being
