Pearls For An Infidel:

Pearls for an Infidel Michael A. Durney, 2015-03-11 Veteran army specialist Adam Moss is on the hunt tasked with locating the source of electronic transmissions in the mountains of Afghanistan's Hindu Kush. What he doesn't realize is the men he hunts stalk him in turn with a very specific purpose in mind. Kat, Adam's wife, doesn't think anything of it when she e-mails him a we miss you message with a photo of herself and TJ, the couple's three-year-old son. She certainly doesn't realize a Taliban infiltrator will redirect her loving e-mail to jihadists, delivering Adam into his enemies' hands. With TJ and Adam held captive, a US-based jihadist cell forces Kat to participate in a plot to strike deep into the American heartland and assassinate the President's children. The success or failure of the mission lies with Kat, a weapon beautifully camouflaged to hide its true nature and how far she will go to protect her own family. Dark, suspenseful and all too probable, *Pearls for an Infidel* explores how alarmingly vulnerable US military families are to acts of terrorism and how terrorist cells can use America's cherished open society and freedoms to strike back in retribution for its foreign entanglements.

"A Pearl of Powerful Learning": The University of Cracow in the Fifteenth Century Paul Knoll, 2016-08-09 Winner of The Polish Institute of Arts and Sciences of America's 2018 Oskar Halecki Award and Winner of the Early Slavic Studies Association 2016 Book Prize. The first fully developed history of the University of Cracow in this period in over a century. *A Pearl of Powerful Learning: The University of Cracow in the Fifteenth Century* places the school in the context of late medieval universities, traces the process of its foundation, analyzes its institutional growth, its setting in the Polish royal capital, its role in national life, and provides a social and geographical profile of students and faculty. The book includes extended treatment of the content of intellectual life and accomplishments of the school with reference to the works of its most important scholars in the medieval arts, curriculum, medicine, law, and theology. The emergence of early Renaissance humanist interests at the university is also discussed. Winner of the Early Slavic Studies Association 2016 Book Prize for most outstanding recent scholarly monograph on pre-modern Slavdom. The work was described by the prize committee as "A thoughtful, highly informed and nuanced history of the University of Cracow, an important institution in a pivotal period of Poland's history. Knoll's treatment of such important issues as the role of the University in national life and the controversial and highly technical matter of the impact of Humanism are dealt with tactfully and thoughtfully. The book will become the definitive work on this topic and will ensure that the material will rapidly be absorbed into general histories of education and of universities in the Renaissance." Winner of The Polish Institute of Arts and Sciences of America's 2018 Oskar Halecki Award. This award recognizes a book of particular value and significance dealing with the Polish experience and is named after the distinguished 20th-century Polish medieval historian Oskar Halecki, who was one of the founders of PIASA. Professor Knoll will be recognized for this award during the 77th Annual Meeting of PIASA in Gdansk, Poland, in June.
