Schedules Work in Middle and High Schools Elliot Y. Merenbloom,Barbara A. Kalina,2006-12-28 Use creative scheduling strategies to improve student teacher relationships and promote more positive learning experiences Today s schools are responding to the pressing need for positive student teacher relationships that promote successful learning and prevent dropouts and violence To meet this challenge many secondary schools are reorganizing around smaller schools or houses and structuring longer blocks of learning time Authors Elliot Y Merenbloom and Barbara A Kalina provide a step by step process for leaders and school teams focused on restructuring to promote more meaningful interaction between teachers and students Through troubleshooting know how short real life case stories and detailed decision making and planning charts this roll up your sleeves working handbook Offers a thorough presentation of restructuring options with advantages and disadvantages of multiple models Walks leaders and teams through the decision making and solution building processes Presents instructional formats and strategies that maximize the benefits of restructured schedules Discusses how to prepare and communicate with students and parents about changes This practical user friendly book helps teachers school leaders curriculum developers and administrators fashion a vision that nurtures positive learning experiences and strengthens student achievement

At the Cliff's Edge Matthew Militello,2004 *Teacher Perception of Pacing Guide Use in the Secondary Classroom* Donna Michele Smith Turner,2015 Historically teachers have exercised considerable autonomy in the day to day learning that occurs in their classrooms Now it is growing increasingly rare for a teacher to experience this type of professional freedom In response to high stakes testing national and state academic content standards and most recently the common core standards pacing guides are one of the more recent devices schools are using to implement and monitor curriculum The purpose of this research project is to investigate teacher opinion toward these pacing guides An online survey called the Pacing Guide Survey was delivered to secondary regular and special education teachers in core subject areas of mathematics science social studies and language arts The teachers were asked about whether or not they use pacing guides their attitude and comfort level in using pacing guides as well as Information concerning the population of their high school such as demographics enrollment and single or multiple high schools Building level factors such as professional

development initiatives methods of curriculum monitoring and pacing guide development and revisions processes teacher factors such as years teaching years using pacing guides confidence in content area and educational background Administrators were also interviewed to form a complete picture of pacing guide development and implementation in the secondary education environment Quantitative data were analyzed using bivariate Spearman s rank order correlation and qualitative data were analyzed using a combination of thematic data analysis and quasi statistical methods Recommendations based on the data collected are Teachers should be provided with the flexibility to address student needs in the classroom Teacher input into pacing guide development implementation and revision process is necessary to ensure that student needs are addressed Team autonomy is key and teacher teams need to be provided with the necessary support structure to provide meaningful learning experiences for their students
