Von Gerkan, Marg und Partner. Architektur 1966 - 1999. Meinhard von Gerkan, Von Gerkan, Marg und Partner, 2001 Idee und Modell / Idea and Model Von Gerkan, Marg und Partner, 1994-06-07 Meinhard von Gerkan and Volkwin Marg are considered to be among the most acclaimed architects worldwide Their projects and completed works have in fact attracted international attention The present book focuses on the models produced over the years and therefore offers a unique look into the creative process of the architects Of primary importance is the quality of the designs and buildings which is already easily discernible in the models What is also perceptible is the need to maintain and further develop the high standards which had already distinguished the early projects The architects seek no short lived trends or superfluous effects on the contrary what they consider of utmost importance is their sense of social responsibility which in a firm of such dimensions is translated into no shallow pathos but rather into a daily commitment Architecture is an art that is applied in society The result is the product of a dialogue Meinhard von Gerkan Given the large number of the buildings and competition designs from among 256 award winning works 98 have received first prize not everything can be included in the annals of architectural history but the essential components of their work and that of their staff cannot be overlooked namely the attention to structural details the material oriented design and a simplicity based on usefulness all elements which in the best examples cited have attained a level of self evident naturalness
