The Social Science of QAnon Monica K. Miller, 2023-09-28 QAnon has emerged as the defining conspiracy group of our times and its far right conspiracies are extraordinary for their breadth and extremity. Bringing together scholars from psychology, sociology, communications, and political science, this cutting-edge volume uses social science theory to investigate aspects of QAnon. Following an introduction to the who, what, and why of QAnon, Part I focuses on the psychological characteristics of QAnon followers and the group's methods for recruiting and maintaining these followers. Part II includes chapters at the intersection of QAnon and society, arguing that society has constructed QAnon as a threat and the social need to belong motivates its followers. Part III discusses the role of communication in promoting and limiting QAnon support, while Part IV concludes by considering the future of QAnon. *The Social Science of QAnon* is vital reading for scholars and students across the social sciences and for legal and policy professionals.

The Storm Is Upon Us Mike Rothschild, 2021-06-22
PERFECT FOR FANS OF THE COMING STORM ONE OF THE TELEGRAPH'S BOOKS OF THE YEAR A chilling overview of a movement that should arguably have no place in any healthy, well-educated society. *The Telegraph* A compelling book. *The Guardian* *The Storm Is Upon Us* is an impressive piece of research and a gripping read. Rothschild's book reads like a thriller with cliffhangers that leave you eager for the next episode. The trouble of course is that it's not fiction. *The Times* For anyone who fears that the world really has gone mad, this book might be essential reading. *The Telegraph* An ideal tour guide for your journey into the depths of the rabbit hole that is QAnon and even shows you a glimmer of light at the exit. *Cullen Hoback* director of HBO's *Q Into the Storm* In 2017 President Trump made a cryptic remark at a gathering of military officials describing it as the calm before the storm then refused to explain himself to puzzled journalists. But on internet message boards a mysterious poster called Q Clearance Patriot began an elaboration all of their own. Q's wild yarn hinted at a vast conspiracy that satisfied the deepest desires of MAGA America. None of Q's predictions came to pass. But did that stop people from clinging to every word, expanding Q's mythology and promoting it ever more widely? No Conspiracy culture expert Mike Rothschild is uniquely equipped to explain QAnon from the cults that first fed into it to its embrace by Trump and the right-wing media. With families torn apart and with the Capitol under attack, he argues that mocking the madness of QAnon will get us nowhere. Instead, he argues that QAnon tells us everything we need to know about global fear after Trump and that we need to understand it now because it's not going away.
