## Reddit Update:

**The Dark Social** Toija Cinque,Alexia Maddox,Robert W. Gehl,2023-11-07 This book explores how people interact online through anonymous communication in encrypted hidden or otherwise obscured online spaces Beyond the Dark Web itself this book examines how the concept of dark social broadens the possibilities for examining notions of darkness and sociality in the age of digitality and datafied life The authors take into account technical moral ethical and pragmatic responses to ourselves and communities seeking to be belong in of the dark Scholarship on the Darknet and Dark Social Spaces tends to focus on the uses of encryption and other privacy enhancing technologies to engender resistance acts Such understandings of the dark social are naturally in tension with social and political theories which argue that for politics and acts to matter they must appear in the public light They are also in tension with popular narratives of the dark recesses of the web which are disparaged by structural powers who seek to keep their subjects knowable and locatable on the clear web The binary of dark versus light is challenged in this book The authors provocation is that practices of dark resistance motility and power are enacted by emerging data cultures This book draws together scholarship activism and creativity to push past conceptual binary positions and create new approaches to darknet and dark social studies The Dark Social Online Practices of Resistance Motility and Power will be a key resource for academics researchers and advanced students of media studies cultural studies communication studies research methods and sociology This book was originally published as a special issue of Continuum Journal of Media Cultural Studies

**Gaming Democracy** Adrienne L. Massanari,2024-10-29 How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In Gaming Democracy Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari argues that Silicon Valley's emphasis on meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well as the concept of metagaming Gaming Democracy is a novel contribution to our understanding of online platforms and far right political activism

**Early America and the Modern Imagination** Rebecca L. Harrison,Patrick M. Erben,2025-06-30 Recurring culture war controversies in the US ranging from reproductive freedom and gender identity to

racial inequality and immigration often turn public attention to early American precedents At the same time early American figures and tropes enjoy a stunning cachet in popular culture Early America and the Modern Imagination squarely interprets the significance and cultural uses of these transhistorical reimaginings of the early American past While drawing productively on public memory scholarship this volume augments its neglect of early American studies The collection's critical and pedagogical essays investigate how a variety of modalities including literature film television theatre video games and graphic novels rescript early America as a usable past for contemporary audiences Early America and the Modern Imagination therefore interprets early American themes and their present day echoes to grapple with the evolving and highly contested import of the American nation's past in the present cultural moment

**The Cryptopians** Laura Shin, 2022-02-22

The story of the idealists technologists and opportunists fighting to bring cryptocurrency to the masses In their short history Bitcoin and other cryptocurrencies have gone through booms busts and internecine wars recently reaching a market valuation of more than 2 trillion The central promise of crypto endures vast fortunes made from decentralized networks not controlled by any single entity and not yet regulated by many governments The recent growth of crypto would have been all but impossible if not for a brilliant young man named Vitalik Buterin and his creation Ethereum In this book Laura Shin takes readers inside the founding of this novel cryptocurrency network which enabled users to launch their own new coins thus creating a new crypto fever She introduces readers to larger than life characters like Buterin the Web3 wunderkind his short lived CEO Charles Hoskinson and Joe Lubin a former Goldman Sachs VP who became one of crypto's most well known billionaires Sparks fly as these outsized personalities fight for their piece of a seemingly limitless new business opportunity This fascinating book shows the crypto market for what it really is a deeply personal struggle to influence the coming revolution in money culture and power

*Technically Wrong: Sexist Apps, Biased Algorithms, and Other Threats of Toxic Tech* Sara Wachter-Boettcher, 2017-10-10 An entertaining romp that tells us where and why the tech industry once America's darling went wrong and what it might do to recover its good graces Tim Wu author of The Master Switch Buying groceries tracking our health finding a date whatever we want to do odds are that we can now do it online But few of us realize just how many oversights biases and downright ethical nightmares are baked inside the tech products we use every day It's time we change that In *Technically Wrong* Sara Wachter-Boettcher demystifies the tech industry leaving those of us on the other side of the screen better prepared to make informed choices about the services we use and to demand more from the companies behind them A Wired Top Tech Book of the Year A Fast Company Best Business and Leadership Book of the Year

*The Hidden Psychology of Social Networks: How Brands Create Authentic Engagement by Understanding What Motivates Us* Joe Federer, 2020-09-15 From the former Head of Brand Strategy at Reddit comes a proven and thought provoking approach to the digital economy and how brands can create authentic engagement that is rooted in the fundamental motivations behind human psychology Leading marketing practitioner and thought leader Joe Federer draws on

evolutionary biology anthropology neuroanatomy and psychology as well as more than a decade of hands on experience to explain why people act so differently in various online spaces and what they are seeking from participating in each one With a framework based on Freud s Id Ego and Superego model of the human psyche he demonstrates how the internet is a digital reflection of the collective human psyche and how different social networks correspond to different mindsets platforms like Reddit to the unfiltered Id Facebook and Twitter to the managed Ego and Instagram to the ideal Superego In the same way you behave differently when you re home alone out with friends communicating with family or interacting with coworkers people act and express themselves differently in these various online spaces Context matters Understanding this will enable you to develop and execute effective engagement strategies to reach your target audiences on each social network Learn how to create content that drives sharing and word of mouth how brands can fit natively into different types of social channels how to balance branded social presences across different networks why authenticity will only grow in importance to consumers Fascinating and deeply compelling The Hidden Psychology of Social Networks will equip you to make vastly more efficient use of your media buys establish more thoughtful strategies develop better creative and in the end deliver more effective marketing that provides value

**Fasciculus Morum** Siegfried Wenzel,1989

Fasciculus Morum is a handbook for preachers written in Latin in the very early fourteenth century by an English Franciscan friar It has never been printed but is extant in twenty eight manuscripts The work gathers a large amount of material for preaching including more than fifty short poems in English and presents this material neatly arranged in the order of the seven deadly sins and their opposite remedial virtues The book has attracted considerable interest among students of Middle English literature because of its verses but beyond this it has proven to be of equally great interest because it furnishes a fine example of what popular preachers in the fourteenth and fifteenth centuries would present to their congregations the religious and moral doctrine as well as the biblical material authoritative quotations similes fables stories moral exegesis and other devices with which they enriched their sermons It is in other words a summa of what an English Everyman would have heard from the pulpit and as such it represents an important sourcebook for students of medieval social and intellectual history literature preaching religion iconography and the arts This book offers a critical edition of Fasciculus Morum together with facing modern English translation The edition is based on a detailed study and comparison of the surviving manuscripts whose relations are traced in the Introduction The text is accompanied by notes listing important variant readings In addition the numerous quotations in the work are identified wherever possible and in the case of stories and exempla told in Fasciculus Morum references to less well known occurrences are also included

cards **Historisches Wörterbuch des Mediengebrauchs** Heiko Christians, Matthias Bickenbach, Nikolaus Wegmann, 2015 Schnelle und leicht zugängliche Orientierung im Problemfeld der Medien ermöglicht das Historische Wörterbuch des Mediengebrauchs in neuartiger Form. Als umfassende Informationsquelle im Bereich für Forschung, Lehre und Selbststudium liefert es nicht nur eine Analyse der Verwendung medialer Begrifflichkeiten sondern bietet auch eine historische Sicht auf die Wechselwirkung zwischen Medien und ihrem Gebrauch. Vergleichende Beobachtungen unterschiedlicher Umgangsformen und Gebrauchsweisen mit der Medienwelt werden dadurch fassbar. Die Sammlung disziplinärer Grundbegriffe vereint etablierte Formen des Mediengebrauchs wie schreiben und inszenieren mit aktuellen Wortschöpfungen wie twittern und liken. Diese werden von ausgewiesenen Fachleuten besprochen und analysiert. Anhand einer Anekdote aus Politik, Literatur oder Alltag erffnet sich dem Leser die Gebrauchsweise des Begriffs. Anschließend wird die Etymologie erläutert und die berieferten Verwendungskontexte erläutert. Danach wird der Leser mit Schwankungen in der Semantik und im Sprachgebrauch vertraut gemacht. Die Erläuterung von Gegenbegrifflichkeiten und Einblicke in die Anwendbarkeits- und Forschungsperspektive sowie eine ergänzende Literaturliste vervollständigen die Artikel. So wird die Verwendungsgeschichte der Medien historisch transparent.
