**Teaching Writing to English Language Learners in the Elementary Classroom** Subrata Bhowmik, Marcia Kim, 2025-10-29 This book focuses on research informed approaches and techniques for teaching writing to elementary English Language Learners (ELLs). The book highlights strategies for enriching writing literacy education for elementary ELLs. With contributions from prominent scholars in the field of elementary ELL writing from around the world, the chapters in this book focus on a wide range of topics including curriculum design, metalanguage and translanguaging, integrating playfulness into a genre based approach to writing instruction, metacognitive instruction, teaching the genre of school identity texts, multimodal writing using mentor texts, teaching science writing, and interrogating raciolinguistic ideologies in assessment practices. Together, they highlight both the challenges and possibilities of writing instruction for elementary ELLs in diverse educational contexts. This is a foundational text for students in TESOL programs focusing on writing instruction for ELLs as well as for pre and in-service teachers who want to upgrade their teaching abilities and knowledge bases.

Next Generation Internet Peter Hoffmann, 2025-01-07 The development of the internet, particularly the World Wide Web, is currently hitting its limits both technically and socio culturally as well as economically. A new internet is promised as a solution one that aims to overcome the boundaries between the real and the virtual world, merging reality and digitality. The metaverse: Technical, semantic and organizational details are closely intertwined in this context. But what does this mean upon closer examination? What technical and technological challenges must be overcome to achieve such a merging? What economic opportunities arise and which ones may be precluded? How can we ensure that an open and universally accessible metaverse is created? And how can we prevent a few large providers from imposing their proprietary ideas in this new metaverse? This book aims to provide answers to these questions.
