Study Guide for Today's Medical Assistant - E-Book Kathy Bonewit-West, Julie Pepper, 2025-02-03 Get the most out of your Today's Medical Assistant Clinical and Administrative Procedures textbook with this practical study guide. With chapters corresponding to those in the textbook, this review provides the extra practice you need to master the clinical and administrative procedures performed by medical assistants. Each chapter includes a wide range of exercises, performance checklists, and a guide to the amount of practice you need to attain competency. Written by the textbook's author, this review tool provides everything you need to master all of today's important medical assisting skills. NEW Content alignment to 2022 CAAHEP Medical Assisting educational competencies helps you review and perform today's tasks at a level of accuracy and speed required of the entry level practitioner. NEW review content includes exercises on telemedicine, vaccinations, COVID-19 protocols, Cologuard, eating disorders, managing reimbursements, and professionalism. NEW coverage of gloving and masking procedures helps to protect against COVID-19 and other infectious diseases. Variety of practice exercises includes matching, true/false, key terms, word parts, short answer questions, crossword puzzles, critical thinking exercises, and more. Chapter pretests and posttests help you to measure your mastery of the content. Laboratory assignment sheets call out each chapter's procedures and include performance checklists to help organize your study time. Practice for Competency sections include worksheets with a guide to performing each clinical skill. Critical thinking activities help you develop the judgment needed for real life medical office situations. Perforated pages allow on the go review and make it easy to submit assignments.

Study Guide for Today's Medical Assistant Kathy Bonewit-West, Sue Hunt, Edith Applegate, MS, 2012-10 Chapter assignment tables at the beginning of chapters guide you through textbook and study guide assignments and make it easy to track your progress. Laboratory assignment tables list the procedures in each chapter including study guide page number references and indicate the procedures shown on the DVDs. A pretest and posttest in each chapter measure your understanding with 10 true/false questions. Key term assessments include exercises to help in reviewing and mastering new vocabulary. Evaluation of Learning questions let you assess your understanding, evaluate progress, and prepare for the certification examination. Critical thinking activities let you apply your knowledge to real life situations. Practice for Competency sections offer extra practice on clinical skills presented in the book. Evaluation of Competency checklists evaluate your performance versus stated objectives and updated CAAHEP performance standards. Updated content includes exercises for topics such as electronic medical records, advanced directives, HIPAA, emergency preparedness, ICD 10 coding, documentation, medical office technology, medical asepsis, vital signs, pediatrics, colonoscopy, IV therapy, and CLIA waived tests. New activities provide practice for the Today's Medical Assistant textbook's newest and most up to date content. New Emergency Protective Practices for the Medical Office chapter includes procedures, critical thinking questions, and other activities to help you understand emergency preparedness. New Wheelchair Transfer Procedure and Evaluation of Competency checklist includes a
