

MANUAL DOWNTIME PROCEDURES

Should any of the critical information systems experience downtime we will revert to manual procedures for capturing data, accessing data from manual files, and updating patient records. We will use manual processes until the relevant systems are operational, at which time the systems will be updated to reflect any manual processes that occurred. Manual forms to be kept and used in the event of downtime include:

- Claim Forms
- Deposit Logs
- EOB Files
- Encounter Form Files
- Conversation Notes

For certain systems, operational failure requires the discontinuance of any activities that are dependent on the system. The day to day services at MBA will continue in the absence of these activities for system failures lasting less than 48 hours. Should the system failure extend beyond 48 hours, alternative means will be implemented by the management. Systems falling under this category include:

- Phone System
- Voicemail System
- Linux Web Server
- QuickBooks Accounting Software

Insurance Handbook for the Medical Office Marilyn Fordney, 2013-01-01 A complete guide to insurance billing and coding. *Insurance Handbook for the Medical Office* 13th Edition covers all the plans that are most commonly encountered in clinics and physicians' offices. Its emphasis on the role of the medical insurance specialist includes areas such as diagnostic coding, procedural coding, Medicare, HIPAA, and bill collection strategies. Learning to fill in the claim form accurately is made easier by the use of icons for different types of payers, lists of key abbreviations, and numerous practice exercises. This edition provides the latest on hot topics such as ICD 10 healthcare reform, the new CMS 1500 form, and electronic claims. Trusted for more than 30 years, this proven reference from Marilyn Fordney prepares you to succeed as a medical insurance professional in any outpatient setting. Emphasis on the business of running a medical office highlights the importance of the medical insurance specialist in filing clean claims, solving problems, and collecting overdue payments. Key terms and key abbreviations are defined and emphasized, reinforcing your understanding of new concepts and terminology. Detailed tables, boxes, and illustrations call out key points and main ideas. Unique color-coded icons clarify information, rules, and regulations for different payers. An Evolve companion website enhances learning with performance checklists, self-assessment quizzes, and the Student Software Challenge featuring cases for different payer types and an interactive CMS 1500 form to fill in. A workbook contains learning tips, practice exercises for key terms and abbreviations, review questions, study outlines, performance objectives, a chapter with practice tests, and critical thinking activities for hands-on experience with real world cases. Available separately. Updated coverage of key health insurance topics includes HIPAA compliance, the HITECH Act, health reform of 2010, electronic health records, electronic claims, ICD 10, NUCC standards, Physician Quality Reporting System, PQRS Incentive Program, Meaningful Use, and CPT 2013. Updated ICD 10 coding information prepares you for the October 2014 ICD 10 implementation date. Updated content on claim forms includes block-by-block explanations and examples for the new CMS 1500 Claim Form. Updated guidelines for the filing and submission of electronic claims include sample screenshots and prepare you for the future of the medical office.
