Resources in Education, 1984

Delmar's Administrative Medical Assisting Wilburta Q. Lindh, Marilyn S. Pooler, Carol D. Tamparo, 1997 Delmar's complete learning system prepares students to become multiskilled medical assistants for the 21st Century. This new full color administrative medical assisting textbook is part of a dynamic learning system that includes free skills CD ROM bound in the text workbook and instructor support materials. Together these learning tools integrate essential and advanced competencies set forth by the AAMA's Role Delineation study emphasizing clinical procedures, interpersonal communications and changes in the health care setting including Standard Precautions and managed care. The text is written not by just one or two individuals but by twenty talented experts who provide students with a thorough understanding of administrative medical assisting fundamentals. The entire learning system is complemented by real life characters and scenarios from the field of medical assisting a feature not found in any other text. Lindh, 1997-02 This new medical assisting learning system provides comprehensive coverage of administrative and clinical procedures and skills. The full color text integrates the competencies identified in the new AAMA Role Delineation Study throughout using a simulation approach to enhance learning by using characters from the Medical Assisting Videos throughout the case studies and examples in the textbook, workbook and student disk. Two Study Guide Software Disks packaged with the text provide a comprehensive review of administrative, clinical and general content areas. Step by step detailed procedures and an innovative open text design clearly illustrate standard and advanced medical assisting skills. End of chapter review questions with a critical thinking emphasis reinforce learning of material covered. Unique topics covered include managed care, coping skills, therapeutic approach to patients, cultural diversity applications, preparation for the Examination both CMA and RMA and professional career success strategies. 2004 Coding Workbook for the Physician's Office Alice Covell, 2004

This workbook contains coding exercises referencing each section of the CPT 4 and ICD 9 CM coding manuals. Exercises requiring HCPCS Level II codes are also provided. Condition and procedure statements in the exercises reflect the current annual editions of the coding manuals. By completing the exercises, learners will expand their medical vocabulary and increase their coding skills for the physician's office. Also included are the Centers for Medicare and Medicaid Services (CMS) guidelines for diagnosis coding and reporting by physicians. Learners need current CPT 4, ICD 9 CM and HCPCS coding.
