Skeptic,2017-01-10 I am a skeptic But every December for one month every year I become a believer I listen to numerous talk shows read multiple blogs and meet countless psychics all to get a shred of consistency in their predictions More often than not they say different things which I ignore It s the d j vu images that are relevant 2016 was a year of completion the end of a cycle Numerological analysis reveals 2016 refers to the number 9 which reflects endings and a preparatory stage for a new beginning True to its number 2016 was exciting and turbulent just like 2007 the last 9 year 2017 however is an year of new beginnings As an year of 1 2 0 1 7 this year represents a start of a new nine year cycle The real question is what is 2017 a beginning for This book is a culmination of the most voiced predictions for this year of new beginnings It cuts through the fluff removes the doomsday predictions and ignores celebrity forecasts three topics that are primary focus of many psychics You won t find the result of elections or the next award predictions in these pages What remains are few yet somewhat probable events that many people seem to predict people unrelated with each other yet seeing similar images Add a filter of skepticism and only a few pass the test These pages hold the ones that were conveyed in many sessions and have a higher probability psychically to come true
