to live in grasslands A horse entrapped in a horse pen is denied the opportunity to live in prairies Certain people are deterred to own a pet since they believe that doing so would be an encroachment on the pet's right to liberty which would thereby compromise the pet's quality of life It can be cumbersome to provide a pet with a higher standard of living then they could reap if they were able to live anywhere in the wild Not everyone is capable of providing a pet with a higher standard of living then they could reap if they were able to live anywhere in the wild It does however remain enigmatic if a pet with a mediocre standard of living is happier living with human beings in a home environment Health Benefits of Pets National Institutes of Health,1988 **Pets, Benefits and Practice** British Small Animal Veterinary Association. European Congress,Waltham Symposium,1990 *How Children Benefits from Pet Ownership* Rickey D Flynn,2022-12-22 It most likely does not shock you that kids love pets especially assuming that your own kids have been begging you for a dog or a cat All things considered pets offer a special kind of companionship that children appear to instinctually realize they will not have the option to find elsewhere Besides the fact that animals love genuinely however they are consistently prepared to tune in without judgment As a matter of fact concentrates on show that pet ownership might help kids in various ways Pets can help decrease stress and could in fact help children develop social and profound skills Also despite the fact that exploration on human animal association is still relatively new starting examinations have shown that pets can reduce cortisol levels decrease loneliness boost mood and increase feelings of social support Pets, Benefits and Practice British Small Animal Veterinary Association.
