Metaversed Luis Bravo Martins,Samantha G. Wolfe,2022-12-22 Understand the coming metaverse and discover how to look past the hype and harness the future of technology Metaversed is an insightful discussion and analysis of the next rapidly approaching technological revolution The authors deliver a compelling new exploration of how the metaverse and emerging technologies combine to define our collective future In addition to identifying the business opportunities the book pulls back the curtain on major safety and privacy issues that will arise and the expected shifts in both our private and social spheres In the book you ll understand How multiple industries will be changed and challenged in a 3D spatial world and how to navigate the future crypto ladden business landscape Legal and policy considerations necessary to build and maintain safe shared digital spaces The economic and social impacts including the potential for our digital lives to outlive our physical selves Actionable insights so you can make the most out of the next digital revolution Metaversed is a can t miss presentation of the most significant market opportunities and societal challenges posed by the metaverse It also will empower readers to take positive action that avoids the same online mistakes that happened on social media and create more responsible tech usage habits in our personal and professional lives

Regulating the Metaverse Ignas Kalpokas,Julija Kalpokienė,2023-01-26 The metaverse seems to be on everybody s lips and yet very few people can actually explain what it means or why it is important This book aims to fill the gap from an interdisciplinary perspective informed by law and media and communications studies Going beyond the optimism emanating from technology companies and venture capitalists the authors critically evaluate the antecedents and the building blocks of the metaverse the design and regulatory challenges that need to be solved and commercial opportunities that are yet to be fully realised While the metaverse is poised to open new possibilities and perspectives it will also be a dangerous place one ripe with threats ranging from disinformation to intellectual property theft to sexual harassment Hence the book offers a useful guide to the legal and political governance issues ahead while also contextualising them within the broader domain of governance and regulation of digital technologies
