Group Meditation Lipson Ph.D., Michael, Michael Lipson, 2011-02 This book comes from joy With these words Michael Lipson begins his offering the fruit of many years of study and practice Group Meditation is both a practical introduction to the power of meditation in groups and a challenging review of the meaning of meditation itself Continuing themes he introduced in his earlier book *Stairway of Surprise* in Group Meditation Lipson shows how ordinary capacities such as thinking and feeling can be intensified without limit in a group setting so that these capacities transmit the most intimate truths of nature and being There are aspects of the world that are too vast to be borne by one person alone to approach them a group is needed Theme based meditation as Lipson demonstrates links those practitioners together in a special kind of community that can endure greater light With repeated exercise either in isolation or in community attention oriented toward a high meaning grows more concentrated more intense It frees us to drop our self concern and instead take in the full shock of our shared existence on Earth It helps us finally to be ourselves the news from heaven
