Becoming a Future-Ready Church Daniel Yang, Adelle M. Banks, Warren Bird, 2024-10-22 Are Church Leaders Missing the Generational Handoff There s Still Hope Are we building institutions that will meaningfully serve the next generation of believers and their leaders How does a church thrive in a culture where we have to earn credibility How do we create a sense of belonging to the body of Christ and a strong sense of identity for the next generation Becoming a Future Ready Church is a blueprint to guide you through eight critical shifts to help lead your church into the future with wisdom and hope It describes several major converging trends that will greatly impact the church in America over the next few decades the Great Resignation of Boomer leaders from churches the shrinking percentage of Christians in America and the change in felt needs among rising generations shaped heavily by anxiety skepticism and fragmentation Missiologist and pastor Daniel Yang religion journalist Adelle Banks and church researcher Warren Bird have come together in Becoming a Future Ready Church to help church leaders evaluate whether their ministries are entrenched in strategies that worked well in the past but need to be adapted for the future By helping us ask better questions about the

issues and needs facing the church they reveal practical ways in which the next generation of church leaders can gain a sturdier foothold as they navigate into the future [The Metaverse](#) Matthew Ball,2024-07-23 From the leading theorist of the Metaverse comes the eagerly anticipated revised and updated account of the next internet what the Metaverse is what it will take to build it and what it means for all of us A Hudson Booksellers Amazon Guardian Financial Times Economist and ByteDance Toutiao Best Book of the Year In this substantially revised and updated edition of his internationally best selling book pioneering theorist and entrepreneur Matthew Ball goes beyond the hype cycle to present a definitive account of the future of the internet The Metaverse according to Ball s industry shaping definition is a persistent and interconnected network of 3D virtual worlds that will eventually serve as the gateway to most online experiences and underpin much of the physical world As Ball recounts the Metaverse is a thirty year old term and the core ideas and technologies behind it have been in development for nearly a century Only recently however did this fantastical concept begin to leap from the pages of science fiction and depths of national research labs to the forefront of consumer technology industrial engineering healthcare education dating and more From the history of video games and virtual reality to proto metaverses such as Second Life Fortnite and Roblox to Generative AI and the groundbreaking films and television series of the Walt Disney Company Ball points out that the Metaverse is already emerging around us and doesn t require a headset Still there are many breakthroughs required to fully realize the Metaverse and he describes each in approachable but expert detail Ball also lays out how governmental policy the philosophy of Big Tech leaders artificial general intelligence economics and human rights will shape the development of the Metaverse Famous for his ability to bring clarity to complex and misunderstood topics Ball demonstrates that the race to build the Metaverse also known as the spatial or immersive internet is only accelerating The Metaverse will endure as an indispensable guide for enthusiasts tech aficionados and anyone curious about the profound transformations underway in our increasingly interconnected world **Regulating the Metaverse**

Ignas Kalpokas,Julija Kalpokienė,2023-01-26 The metaverse seems to be on everybody s lips and yet very few people can actually explain what it means or why it is important This book aims to fill the gap from an interdisciplinary perspective informed by law and media and communications studies Going beyond the optimism emanating from technology companies and venture capitalists the authors critically evaluate the antecedents and the building blocks of the metaverse the design and regulatory challenges that need to be solved and commercial opportunities that are yet to be fully realised While the metaverse is poised to open new possibilities and perspectives it will also be a dangerous place one ripe with threats ranging from disinformation to intellectual property theft to sexual harassment Hence the book offers a useful guide to the legal and political governance issues ahead while also contextualising them within the broader domain of governance and regulation of digital technologies
