much of the focus of the campaigns has been on library branches rather than the broader question of the preservation and possible enhancement of the library service Reductions in opening hours and the loss of professional staff may damage the service more than the closure of particular buildings The provision of a library service is a statutory duty but a number of councils have drawn up plans that fail to comply with the requirement to provide a comprehensive and efficient service A full assessment of the needs of the local population for the services is key Guidance on how to assess local needs does exist but more must be done to disseminate it Although the future of public libraries may be uncertain there is opportunity for reassessment of their roles and how they are organised The Committee saw many examples of innovative thinking about what libraries can offer to the local population and a number of models of how those services might be provided Councils which have transferred the running of libraries to community volunteers must continue to provide support otherwise failure may be viewed as closures by stealth The Committee looks forward to the promised report by the end of 2014 on the cumulative effect on library services of the cuts in local authority provision and the promotion of alternatives such as transfers to community volunteers
