Handbook of Blockchain Technology Marinós Themistocleous, 2025-02-12 This Handbook provides an interdisciplinary investigation into the role and influence of blockchain technology in areas such as the Metaverse Non Fungible Tokens NFTs tokenization algorithmic governance fraud and crime prevention Drawing on cutting edge research and analysis from leading experts in the field it demystifies the complex nature of blockchain and its mechanisms applications and potentials

Metaverse Investing Bilva Bhat, 2025-02-28 Metaverse Investing Your Complete Guide is a comprehensive resource on navigating the burgeoning world of the Metaverse This book provides essential insights into the potential pitfalls including privacy violations data breaches limitations on freedom of speech and the dangers of echo chambers false news and online bullying We find answers to some of the most urgent questions about the future of the Internet and analyze technological ideas that will shape our lives for years to come But what exactly is the Metaverse According to theorist and venture capitalist Matthew Ball the Metaverse follows in the footsteps of the mobile Internet defined twenty years ago It s a continuous 3D virtual realm a network of experiences connected through devices tools and infrastructure extending beyond mere reality This groundbreaking concept is set to transform industries and jobs from finance and healthcare to payroll consumer products and beyond The Internet will no longer be a distant entity instead it will seamlessly integrate into our daily lives work and leisure activities within the Metaverse With clarity and authority Metaverse Investing Your Complete Guide predicts billions of dollars in new value and significant social reforms making it an indispensable read for forward thinking investors and enthusiasts

Regulating the Metaverse Ignas Kalpokas, Julija Kalpokienė, 2023-01-26 The metaverse seems to be on everybody s lips and yet very few people can actually explain what it means or why it is important This book aims to fill the gap from an interdisciplinary perspective informed by law and media and communications studies Going beyond the optimism emanating from technology companies and venture capitalists the authors critically evaluate the antecedents and the building blocks of the metaverse the design and regulatory challenges that need to be solved and commercial opportunities that are yet to be fully realised While the metaverse is poised to open new possibilities and perspectives it will also be a dangerous place one ripe with threats ranging from disinformation to intellectual property theft to sexual harassment Hence the book offers a useful guide to the legal and political governance issues ahead while also contextualising them within the broader domain of governance and regulation of digital technologies
