**Fashion Communication in the Digital Age** Nadzeya Sabatini, Teresa Sádaba, Alessandro Tosi, Veronica Neri, Lorenzo Cantoni, 2023-08-08. This is an open access book. FACTUM Conference proceedings are the output of one of the few academic events of its nature happening globally researching fashion communication from different angles and perspectives. It includes contributions from scholars studying communication and marketing management, digital transformation and cultural heritage among other disciplines. This book presents papers from the third bi annual Conference which aims to become the major reference point in the field. These proceedings seek to promote theoretical and empirical interdisciplinary work on how various communication practices impact both the fashion industry and societal fashion related practices and values. With these proceedings several objectives are aimed to be achieved namely to establish and consolidate an international and interdisciplinary network of scholars in the field of fashion communication to share methodological approaches to expand the dialogue between communications studies and fashion related disciplines to encourage junior researchers to pursue their scientific interests in this field. Finally the book can be used by professionals in the field of fashion communication and marketing who are eager to access sound research in a field that is developing very fast due to its digital transformation.

**Metaverse Communication** Prasanna Bhattathiri, 2025-01-03. Metaverse Communication Redefining Connections delves into the transformative potential of the Metaverse. This book explores whether the Metaverse can truly become a space for life changing experiences and interactions surpassing the current Internet. We define the Metaverse as a shared 3D virtual space that combines elements of the digital and physical worlds. This book examines whether technology can overcome infrastructure challenges, corporate greed and physical limitations to create a continuously shared virtual universe. We highlight key industry insights such as Facebook's rebranding to Meta and its significant investment in the Metaverse. With predictions like Bloomberg's estimate of an 800 billion Metaverse market by 2024 the book discusses the enormous economic and social potential of this new frontier. Metaverse Communication Redefining Connections provides a clear authoritative guide to understanding the Metaverse, its applications and its implications for the future of communication and interaction.
