E-Commerce Industry Chain Qinghong Shuai,Zhongjun Li,Yun Zhang,2023-04-09 This book focuses on e commerce industry chain based on the whole process of e commerce activities production distribution circulation consumption It extracted the supporting technology and operation process of e commerce into general principles in the form of mathematical analysis helping readers to build the frame of theory and practice of activity link of e commerce This book stands on the concepts carries on the innovation and cases in the practice helping readers to establish a relatively complete e commerce system Also the arising challenges and issues are discussed and guide for the future e commerce development under the new situation is presented *Doing Business in China* Giles Chance,2022-12-20 Extensively revised the fifth edition of this successful textbook offers a practical framework for approaching and carrying out business in China Building on the strengths of the previous editions and on the 30 year China business experience of the author the book provides a guide to market entry managing operations and marketing in this unique social and cultural environment including Why foreign businesses in China need to understand and interact with government in China both central and local and how best to do this New and revised case studies including case studies on successful companies entering and operating in China such as Volkswagen Hermes Honeywell and Diageo An in depth focus on internet marketing in China Choosing business partners and negotiating Dos and don ts Updated to include information on new government policy on trade partnerships commercial law and anti corruption drives the fifth edition of *Doing Business in China* will continue to be the preferred text for international students of Chinese business and management studies and for practitioners with an eye on China *Open Source Intelligence Investigation* Babak Akhgar,P. Saskia Bayerl,Fraser Sampson,2017-01-01 One of the most important aspects for a successful police operation is the ability for the police to obtain timely reliable and actionable intelligence related to the investigation or incident at hand *Open Source Intelligence* OSINT provides an invaluable avenue to access and collect such information in addition to traditional investigative techniques and information sources This book offers an authoritative and accessible guide on how to conduct *Open Source Intelligence* investigations from data collection to analysis to the design and vetting of OSINT tools In its pages the reader will find a comprehensive view into the newest methods for OSINT analytics and visualizations in combination with real life case studies to showcase the application as well as the challenges of OSINT investigations across domains Examples of OSINT range from information posted on social media as one of the most openly available means of accessing and gathering *Open Source Intelligence* to location data OSINT obtained from the darkweb to combinations of OSINT with real time analytical capabilities and closed sources In addition it provides guidance on legal and ethical considerations making it relevant reading for practitioners as well as academics and students with a view to obtain thorough first hand knowledge from serving experts in the field ***Handbook of E-commerce in China*** Zheng Qin,Qinghong Shuai,2025-10-31 The book aims to help readers comprehensively understand the concepts principles and

practical applications of e commerce to master the basic knowledge and skills of e commerce from different dimensions and to improve the readers understanding and applications in the field of e commerce For different groups of readers this book combines theoretical research with engineering application research and combines typical cases with practical experience in Chinese context which focuses on the scientific technical as well as systematic and complete knowledge system of e commerce and provides readers with forward looking academic and applied reference materials in e commerce Based on different theory branches and application scenarios of e commerce aiming to cover different groups of readers this book covers the following areas Fundamentals and Scientific Research of E Commerce E Commerce and Financial Payments E Commerce Laws and Regulations E Commerce and Logistics E Commerce and Big Data Rural E Commerce Cross border E Commerce E Commerce and Internationalization E Commerce Theory and Practice Typical Cases and E Commerce and Digitization et al This book can be used as learning materials for public administrators enterprise managers e commerce and other modern service industry practitioners It can also be used as a reference book for undergraduate and postgraduate students of e commerce and related majors in institutions of higher education to help the relevant personnel to continuously learn and improve their professional ability and quality

China-Focused Cases CEIBS Case Center,2025-03-22 This book showcases a selection of award winning cases from the Global Contest for the Best China focused Cases The contests held between 2018 and 2022 recognized 63 exceptional cases 13 of which are in this publication Each of the 13 cases has a unique focus Some investigate how to capture value through new technologies and innovations or examine the intricate relationships between strategies business models and financial performance examples include Freshippo KFC China Winner Technology Geek and Alibaba vs JD com Others analyze Chinese companies challenges when entering international markets and their strategic responses Midea and SHEIN Some delve into leadership entrepreneurial management family business succession negotiation and conflict management EtonHouse Antigal Qiangda Chilli and Dispute over Year end Bonuses Two cases discuss how social enterprises can better balance their social purposes with financial sustainability and how companies can integrate social and business innovation Daddy Lab and AstraZeneca These cases originate from Chinese and international business schools highlighting global interest in China s business and management dynamics Echoing the Chinese proverb A single spark can start a prairie fire we firmly believe that with collective efforts more faculty members will recognize the value of the case method and the extensive opportunities of China themed cases in global management education We are committed to collaborating with them to meet the growing demand for diverse cases with global perspectives

Strategic Management Accounting in a Network Economy Wingsun Li,2023-08-26 This book continues from author s first SMA publication in 2018 also by Springer and discusses the new roles of SMA in the new network economy Emerging digital technologies have revolutionized the business world with groundbreaking rules and innovative business models New knowledge and information technologies have inspired new business ideas and created more information

platforms at a lower cost yet highly efficient in the market The new business transformation also encourages more inter organizational cooperation to cope with rapid changes All these novelties add challenges to corporate individuals in managing businesses beyond their organizations in particular financial professionals e g CFO who are experts in the team Therefore SMA is assigned a new role in the new network economy Similarly SMA calls for major updates and revisions This urges author to write this book to meet the new demand The author has selected important topics that are particularly pertinent to the new Internet economy These topics include how to make decisions under business uncertainty how to value businesses in general Internet stocks and intangible assets in particular Business collaboration and integration are usual means to acquire synergy value How does SMA help deliver the best results How are business models and information platforms built as sense making revenue models even though these platforms never charge for services How is market power and brand value measured How does trust supplement control in new network organizations Finally how is value created captured and allocated in a fair manner The book goes through detailed examinations of each topic with cases examples and illustrations as required

Chinese Platforms Jian Lin,Wilfred Yang Wang,Ping Sun,2025-12-10 The rise of the Chinese internet has reconfigured digital culture around the world From social media platforms such as WeChat and Douyin to utility platforms Didi and Eleme the Chinese platform economy has shown a remarkable capacity to innovate and grow incurring constraints as well as receiving protection from the Chinese state This is the first textbook to centre Chinese platforms in the transformation of the global internet Offering an overview of the history governance and social political implications the book shows how Chinese platforms are situated within the domestic political economy of China and the external geopolitics and cross border mobilities of capital technology and populations Topics covered include policy and governance social media entertainment e commerce digital labour and the Chinese diaspora Comparing and contrasting the Chinese platform ecology with its global counterpart the book argues that while Chinese platforms exhibit more effective economic and technological innovation and have strong cultural cachet they are subject to a far greater degree of state oversight including facilitation as well as correction and censorship *Chinese Platforms* is a required reading for students of Media and Communication Studies and China Studies as well as those interested in the rise of digital China and the implications for the global platform society

Global Fashion Business Byoungho Ellie Jin,2024-07-11 In today s climate bringing your fashion brand to new international territories is more challenging than ever In *Global Fashion Business* Byoungho Ellie Jin helps you to take this next step Diverse examples from large and small companies developing and developed countries and online and offline retailers set a precedent for overcoming economic cultural legal and regulatory obstacles Practical approaches also outline methods of marketing and retailing while chapters on topics including pricing entry market selection and product development combine to cover everything you need to know to take your business further than ever before Business
