Since Counter Strike Global Offensive's release in 2012 it's become one of the most popular esports in the world regularly pulling in audiences in the millions. On top of that it's managed to hold steady as one of the most popular games on Steam since its release. Now it's gone free to play it's sure to pull in some fresh blood. Since its release in 1999 Counter Strike has always had a reputation for being hard to start playing. Anyone who plays it will have a story for you about how badly they got thrashed when they first started out and countless new players have been scared off by CS's steep learning curve. Over the last decade and a half CS GO can be difficult to play if you're new but you can improve with our CS GO tips.
