Game Changer Jean-Manuel Izaret, Arnab Sinha, 2023-10-12 The right pricing strategy can change the entire trajectory of a business a market and even society at large To help you create your best pricing strategy efficiently and confidently two leaders from BCG are introducing fresh perspectives on pricing that take you far beyond the realm of mind numbing numbers In their new book *Game Changer How Strategic Pricing Shapes Businesses Markets and Society* Jean Manuel Izaret and Arnab Sinha simplify and clarify pricing strategy by integrating its many frameworks and concepts into seven distinct pricing games each with its own proven tools rules forces and structures To help you pick the right game and play it well Izaret and Sinha have developed the Strategic Pricing Hexagon a tool refined through years of testing iteration and adaptation The Hexagon is your portal to a business world where stronger growth and better financial performance come from a set of strategic pricing decisions not endless myopic quests for optimal prices But more than that the Hexagon will change the way you think about and talk about pricing The current conversation around pricing as expressed through economics textbooks Excel spreadsheets political discourse and educated guesswork makes it easy to believe that pricing is nothing more than a technical tactical and for most people boring game of numbers *Game Changer* changes that conversation by sharing stories and research that bring the Hexagon and its seven pricing games to life With research from BCG's Bruce Henderson Institute and real world examples from the world's most influential companies the authors and their colleagues at BCG define pricing strategy as a business leader's or business owner's conscious decisions about how money flows in their market They show how companies succeed in the long term when they focus on collaborative growth and value sharing with customers not zero sum value extraction from them Discover how you can create and implement a winning pricing strategy that changes the trajectory of your business your market and even society

Maintenance of Everything Stewart Brand, 2026-01-20 The first in depth exploration of maintenance and a powerful argument for its civilizational importance from the author of *How Buildings Learn* and creator of the *Whole Earth Catalog* Maintenance is what keeps everything going It's what keeps life going Yet it's also easy to shirk or defer until the thing breaks the system falters and everything stops The apparent paradox is profound Maintenance is absolutely necessary and maintenance is optional The first in a multi volume work *Maintenance Of Everything* Part One offers a comprehensive overview of the civilizational importance of maintenance The book begins with a dramatic contest of maintenance styles under life critical conditions the Golden Globe around the world solo sailboat race of 1968 It goes on to explore the insights that can be gleaned from vehicle maintenance from the zeal of motorcycle maintainers to the maintenance philosophies that fought for dominance of the auto industry to the state of electric vehicle manufacturing today with absorbing detours into the evolution of precision in manufacturing the enduring importance of manuals sustainment in the military and the never ending battle against corrosion *Maintenance Of Everything* is a wide ranging and provocative call to expand what we mean by maintenance not just the tiresome preventative tasks but the whole

grand process of keeping a thing going It invites us to understand not only the profound impact maintenance has on our daily lives but also why taking responsibility for maintaining something whether a motorcycle a monument or our very planet can be a radical act No one else but Stewart Brand is talking about the art and science of maintenance and how to do it well This will be an instant classic Kevin Kelly founding executive editor of Wired A deliciously good book Matt Ridley author of The Rational Optimist Mobility in a Globalised World 2018 Eric Sucky, Reinhard Kolke, Niels Biethahn, Jan Werner, Michael Vogelsang, 2019-07-22 Leader to Leader (LTL), Volume 80, Spring 2016 Bruce Rosenstein, 2016-03-28 Leader to Leader the Hesselbein Institute's award winning quarterly journal offers cutting edge thinking on leadership management and strategy written by today's top thought leaders from the private public and social sectors It is mailed quarterly to all Institute members and is also available by subscription Transformation of Supply Chain Ecosystems Anamika Pandey, Fadi Al-Turjman, 2025-04-04 Transformation of Supply Chain Ecosystems Technological innovations and collaborations brings together the contributions from the experts in designing and implementing supply chain systems like inventory and transport management warehouse operations analysing customer preferences and supply chain analytics **Managerial Economics** Ivan Png, 2022-03-22 Now in its sixth edition Ivan Png's Managerial Economics has been extensively revised with an introductory chapter emphasizing decision making and behavioral biases intensive application to current business and economic issues including technology globalization and pandemics a closing chapter highlighting business responses to climate change a streamlined presentation focusing on the economics that managers need to know As always the text presents the key concepts of microeconomics intuitively without sophisticated mathematics Throughout it emphasizes actual management applications The new sixth edition is updated with fresh up to date vignettes and discussion questions from all over the world and enhanced with detailed instructor supplements It is an ideal text for any course focusing on the practical application of microeconomic principles to management The book provides truly useful economics for managers In the words of one professor I can use your book for serious conversation with adult students **Radical Product Thinking** R. Dutt, 2021-09-27 Iteration rules product development but it isn't enough to produce dramatic results This book champions Radical Product Thinking a systematic methodology for building visionary game changing products In the last decade we've learned to harness the power of iteration to innovate faster we've invested in a fast car but our ability to set a clear destination and navigate to it hasn't kept up When we iterate without a clear vision or strategy our products become bloated fragmented and driven by irrelevant metrics They catch product diseases that often kill innovation Radical Product Thinking RPT gives organizations a repeatable model for building world changing products The key Being vision driven instead of iteration led R Dutt guides readers through the five elements of the methodology vision strategy prioritization execution and measurement and culture to develop a clear process for translating vision into reality and turning RPT skills into muscle memory This book offers refreshing solutions to the shortcomings of our current model for product development be prepared

to toss out everything you know about a good vision and learn how to measure progress to create revolutionary products The best part You don t have to be a natural born visionary to produce extraordinary results **Reinventing the Product** Eric Schaeffer,David Sovie,2019-03-03 Create the personalized and compelling experiences that today s customers expect by harnessing AI and digital technologies to create smart connected products with this cutting edge guide from senior leaders at Accenture Digital technology is both friend and foe highly disruptive yet it cannot be ignored As traditional products transform into smart connected products faster than ever before companies that fail to make use of it now put themselves in the firing line for disintermediation or even eradication However digital technology is also the biggest opportunity for product making businesses to create the next generation of goods in the marketplace In Reinventing the Product Eric Schaeffer and David Sovie both Senior Managing Directors at Accenture show how this reinvention is made possible to deliver truly intelligent and often even autonomous products Reinventing the Product makes the case for companies to rethink their product strategy innovation and engineering processes including How to harness the opportunities of AI and digital technologies such as IoT sensors blockchain advanced analytics cloud and edge computing Practical advice on transforming their entire culture to build the future of successful living products Features case studies from global organizations such as Faurecia Signify Symmons and Haier and interviews with thought leaders from top companies including Amazon ABB Tesla Samsung and Google This book provides the only advice any product making company needs as it embarks on or accelerates its digitization journey *Electric Vehicle Engineering (PB)* Per Enge,Nick Enge,Stephen Zoepf,2021-01-24 A complete guide to electric vehicle design operation and adoption This hands on resource thoroughly explains the technologies and techniques involved in the design and operation of today s electric vehicles Originally written for use in a course co taught by the authors at Stanford University Electric Vehicle Engineering discusses the physics of vehicle motion the electrical principles on which motors rely the chemistry operation and charging of lithium ion batteries the design and operation of motor controllers the energy efficiency and environmental impact of electric vehicles and the policy and economics affecting their adoption After teaching you the theory the authors will guide you through a hands on project in which you will build a model electric car from the ground up with a hand wound electric motor of your own design Coverage includes Introduction to electric vehicles Electric vehicle history Vehicle dynamics Electric motors Lithium ion batteries Controllers Well to wheels energy and emissions analysis Electric vehicle policies and economics Future prospects The Dynamics of Plug-in Electric Vehicles in the Secondary Market and Their Implications for Vehicle Demand, Durability, and Emissions Thomas Turrentine,Gil Tal,David Rapson,2018 Proceedings of the Summer Study on High Energy Physics in the 1990s, June 27-July 15, 1988, Snowmass, Colo Sharon Jensen,American Physical Society.
