Guide to the Textual Criticism of the New Testament Edward Miller, 1886 *Perspectives on New Testament Textual Criticism* Eldon Jay Epp, 2005-06-01 This collection of frequently cited articles and chapters published from 1962 to 2004 provides perspective on the history and development of New Testament textual criticism with descriptions and critique of the major text critical theories and methods Specific manuscripts and text types such as the Codex Bezae and the D text are discussed as well as issues such as anti Judaic tendencies the ascension narratives and the relationship of text and canon Many of the essays from the last fifteen years emphasize the earliest period and papyrus manuscripts particularly those found at Oxyrhynchus and assess their socio cultural and intellectual contexts while articles from the last five years advocate or engage the more controversial aspects of current New Testament textual criticism especially the issue of original text

The Text of the New Testament J. Harold Greenlee, 2008-06-01 The Text of the New Testament is a brief introduction for the lay person into the process whereby the New Testament came to be It describes the basics of ancient writing tools manuscripts the work of scribes and how to think about differences in what the various manuscripts say This is a revised and expanded edition with a completely new chapter on how contemporary English translations fit in with our understanding of the New Testament text Geared to the lay person who is uninformed or confused about textual criticism Greenlee begins this volume by explaining the production of ancient manuscripts He then traces the history of the development of the New Testament text Readers are next introduced to the basic principles of textual criticism the concept of variant readings and how to determine which variant has the greatest likelihood of being the original reading To illustrate the basic principles several sample New Testament texts are examined The book concludes by putting textual criticism in perspective as involving only a minute portion of the entire New Testament text the bulk of which is indisputably attested by the manuscripts

textual issues You may not become a textual critic after reading this book but you will be well prepared to make use of a wide variety of text critical resources *The Making of the New Testament* Arthur G. Patzia,2025-08-28 The story of the making of the New Testament is one in which scrolls bumped across cobbled Roman roads and pitched through rolling Mediterranean seas finally finding their destinations in stuffy dimly lit Christian house churches in Corinth or Colossae There they were read aloud and reread handled and copied forwarded and collected studied and treasured And eventually they were brought together to make up our New Testament This revised and expanded edition of The Making of the New Testament is a textbook introduction to the origin collection copying and canonizing of the New Testament documents Like shrewd detectives reading subtle whispers of evidence biblical scholars have studied the trail of clues and pieced together the story of these books Arthur Patzia tells the story answering our many questions How were books and documents produced in the first century What motivated the early Christians to commit teaching and narrative and vision to papyrus How were the stories and sayings of Jesus circulated handed down and shaped into Gospels What do we know about ancient letter writing secretaries and copy shops Why were four Gospels included instead of just one How were Paul's letters sent here and there gathered into a single collection Who decided and by what criteria which documents would be included in the New Testament Explore these questions and more about these Scriptures whose everyday gritty story rings true to their extraordinary message the palpable mystery of the Word made flesh Rethinking New Testament Textual Criticism David Alan Black,2002-10 In this concise guide leading scholars survey the discipline and present three current approaches to determining the text of the New Testament *Changing the Goalpost of New Testament Textual Criticism* Abidan Paul Shah,2020-10-02 Before the 1960s the goal of New Testament Textual Criticism was singular to retrieve the original text of the New Testament Since then the goalpost has incrementally shifted away from the original text to retrieving any text or many texts of the NT Some scholars have even concluded that the original text is hopelessly lost and cannot be retrieved with any confidence or accuracy Other scholars have gone a step further to claim that the idea of an original text itself is a misconception that needs to be abandoned If this new approach in NTTC is correct then the authority of Scripture is weakened or no longer valid It will be shown in this book that such is not the case Furthermore emphasis will be placed on the need to return to the traditional goalpost of NTTC i.e to retrieve the original text Without a generally definitive text the door will be left wide open to recreate any desired text of the NT An unsettled original text will result in an unsettled biblical theology due to a lack of any authoritative and standard text Consequently it will lead to an unsettled Christian faith and practice **The Oxford Debate on the Textual Criticism of the New Testament Held at New College on May 6, 1897 with a Preface Explanatory of the Rival Systems** Edward Miller,1886 New Testament Textual Research Update,1997 **Encountering the New Testament** Walter A.
