## Google Drive Ideas:

**The Writer** Nijay K. Gupta, 2022-11-01 Students are expected to research and write but they aren't always taught how to do these things well. The Writer walks through Nijay K Gupta's approach to and best practices for becoming an effective and efficient writer in biblical studies. He handles a wide spectrum of issues from idea conception to research and note taking to book proposals and contracts to working with publishers and more. Gupta shares his own publishing autobiography offering the chance for aspiring writers to learn from the ups and downs of his experiences. *Handbook of Research on Teacher Education in the Digital Age* Niess, Margaret L., Gillow-Wiles, Henry, 2015-08-03 Traditional classrooms are fast becoming a minority in the education field. As technologies continue to develop as a pervasive aspect of modern society, educators must be trained to meet the demands and opportunities afforded by this technology-rich landscape. The Handbook of Research on Teacher Education in the Digital Age focuses on the needs of teachers as they redesign their curricula and lessons to incorporate new technological tools. Including theoretical frameworks, empirical research, and best practices, this book serves as a guide for researchers, educators, and faculty and professional developers of distance learning tools. **Essentials of Techno-Pedagogy** Dr. A. Muthumanickam, Dr. B. Kannan, Educational technology is an indispensable element of teaching. Teacher educators need knowledge and skills to design and successfully implement technology-enhanced learning. In today's world, most people must continuously improve their abilities and information levels to encounter the challenges of lifestyle. The current era of the 21st century is the data and innovation IT time. Each viewpoint of life has got to be synonymous with science and advancement. All over the world, information in all ranges is making tremendous advances. Information and innovation are right now being utilized within the field of education to create effective and interesting instruction and preparation for both understudies and teachers. The term technology within the 21st century is a critical issue in many fields, including instruction. This is since innovation has become the interstate information development in numerous countries. Nowadays, the application of technology has experienced progress and has changed our social designs that totally alter the way people think, work, and live. As a component of this, schools and other instructive teaching approaches ought to plan understudies to live in an information society, to consider ICT support in their instructive programs. Technology could be a crucial portion of teaching today's students, and it is utilized at whatever point conceivable within the classroom so that it moves forward the large learning environment. Students will also get acquainted with innovation since they will utilize it in the future. A great educator not only provides proper ways for students to plan successfully but also motivates them to utilize their abilities in developing their country. This is often the crossover strategy of instructing in which ICT is being utilized for instructing learning circumstances. The combination of both the words techno and pedagogy implies weaving the innovations into the instructing learning preparation. It needs to consciously recognize the intervening learning environment in order to simplify and clarify the data transmission process to the greatest extent. Hence, the thought of the Publication of the Edited
