purpose of connecting with friends In 2022 5 billion people have access to the internet worldwide and 4.7 billion people use social media. SM. Ultimately 93% of those with internet access own at least one SM account that is more than half the population worldwide. Through time companies found new marketing strategies which reached active people on SM. These platforms are necessary to reach Generation Z people born in the late 1990s. They are different and cannot be reached in the same way as they watch Netflix instead of TV or listen to Spotify instead of the radio for example. Influencer marketing became a 10 billion industry in 2020. Influencers share their lives on SM networks. Due to their high reach they receive offers from companies for cooperation. Influencers' followers admire and trust their recommendations due to their personal and authentic representation. While advertising products influencers show how to use them where to buy them and give their opinion. For higher sales influencers often receive promo codes for a discount or free products for each order.
