Pamphlet Architecture 28 Augmented Landscapes:

Pamphlet Architecture 28 Mark Smout, Laura Allen, 2013-07-02 In 1977 Steven Holl and William Stout created a grittier alternative to mainstream architectural publishing called Pamphlet Architecture With Holl's Bridges the landmark series was born and for 30 years Pamphlet has served as soapbox and laboratory for such notable architects and theorists as Lebbeus Woods Zaha Hadid Lars Lerup and Michael Sorkin With its twenty eighth installment Pamphlet Architecture celebrates its thirtieth anniversary no less bold than when it began Augmented Landscapes features a landscape architecture practice for the first time in Pamphlet history London's Smout Allen presents five projects that respond to the way in which man has enlarged the landscape through architecture and infrastructure manipulating and blurring perceptions of what is natural and what is artificial

Pamphlet Architecture 29 Nannette Jackowski, Ricardo de Ostos, 2013-07-02 Ambiguous Spaces the newest installment in the Pamphlet Architecture series and a return to Pamphlet's own progressive roots features the architectural fictions The Pregnant Island and Nuclear Breeding These two projects develop alternative urban concepts that address the challenges presented by the specific situations and social dynamics described in controversial locations such as the Brazilian Tucuruí Dam the Three Gorges Dam in China and former English nuclear test sites Using narrative techniques fictional programs ambiguous spaces and building devices Ambiguous Spaces explores people communities and even entire cities oppressed by a lack of freedom

Pamphlet Architecture 30 InfraNet Lab / Lateral Office, 2013-07-02 Participants in the Pamphlet Architecture 30 competition were asked to respond to the theme Investigations in Infrastructure and propose new directions for architecture transportation energy cities and agriculture at a continental scale The winning entry Coupling imagined six daring projects a high speed rail system across the Bering Strait that also collects freshwater from the seasonal iceshelf a decommissioned airport transformed into a geothermal data farm and agriculture site thickening on off ramps around big box stores into circular parking lots a call to include landfills in the list of preserved open spaces and a saline terminal lake turned into a water farm recreational retreat and habitat haven Coupling argues that infrastructures behave as artificially maintained natural systems Rather than a New Deal approach of massive engineering or iconic infrastructure Coupling employs adaptable responsive small scale interventions whose impacts are global in scale

Procuring Innovative Architecture Leon van Schaik, Geoffrey London, 2010-05-12 The case studies in this book describe how clients promotion of innovative communities of practice has led to important collections of architectural works The book provides an assessment of the effectiveness of their approaches Architects and clients will understand what to look for as they construct their careers and their portfolios with innovation as a goal It is taken for granted nowadays that supporting innovative architecture benefits society In countries as diverse as Austria Australia Belgium England Japan South East Asia Slovenia Spain Switzerland and the USA retailers institutions local and regional government and transport authorities have established substantial bodies of work by new and emerging architects This book looks at what their goals are and how they

have achieved them Is it possible to promote sustainable communities of innovative practice through such patronage Can innovation be kick started by importing visionary works
