Robertson, Carl T. Madden, 2022-08-05 The 1972 World Series was a terrific clash between two rising Major League franchises the Oakland A s and the Cincinnati Reds Neither had won the pennant in decades Twice removed from their original home in Philadelphia and unappreciated in Oakland the A s quietly played excellent ball their long hair and mustaches symbols of rebellion Led by manager Sparky Anderson the clean cut Reds baseball s most conservative club were becoming a powerhouse and were the favorites entering the Series This book chronicles both the A s and the Reds journeys to the memorable 72 Fall Classic where six of seven games were won by a single run with batter by batter coverage of the diamond exploits of Bench Perez Rose Rudi Odom Tenace and others *Loserville* Clayton Trutor, 2022-02 2023 Bell Award for the Best Book on Georgia History A Sports Collectors Digest Best Baseball Book of 2022 A Public Books Public Pick of 2022 In July 1975 the editors of the Atlanta Constitution ran a two part series entitled *Loserville* U S A The provocatively titled series detailed the futility of Atlanta s four professional sports teams in the decade following the 1966 arrival of its first two major league franchises Major League Baseball s Atlanta Braves and the National Football League s Atlanta Falcons Two years later the Atlanta Hawks of the National Basketball Association became the city s third major professional sports franchise In 1972 the National Hockey League granted the Flames expansion franchise to the city making Atlanta the first southern city with teams in all four of the big leagues The excitement surrounding the arrival of four professional franchises in Atlanta in a six year period soon gave way to widespread frustration and eventually widespread

apathy toward its home teams All four of Atlanta's franchises struggled in the standings and struggled to draw fans to their games Atlantans indifference to their new teams took place amid the social and political fracturing that had resulted from a new Black majority in Atlanta and a predominately white suburban exodus Sports could never quite bridge the divergence between the two Loserville examines the pursuit arrival and response to professional sports in Atlanta during its first decade as a major league city 1966-75 It scrutinizes the origins of what remains the primary model for acquiring professional sports franchises offers of municipal financing for new stadiums Other Sunbelt cities like San Diego Phoenix and Tampa that aspired to big league stature adopted Atlanta's approach Like the teams in Atlanta the franchises in these cities have had mixed results both in terms of on field success and financial stability
