**Paleo Diet for Beginners** Maria Cook,2017-04-30 Do you want to lose weight Do you wish to lead a healthy life Well if you answered yes to any of the above questions you have come to the right place The Paleolithic diet more commonly known as the Paleo diet is a diet plan designed to take you back in time way back in time The Paleo Diet is based on the premise that our Paleolithic ancestor was a lot healthier than the present day humans without suffering from a lot of diseases such as diabetes obesity or any kind of cardiovascular diseases So while following the Paleo Diet you are encouraged to only

consume the foods that were available to humans that lived in the Paleolithic era. This diet calls for the consumption of vegetables, nuts, organ meats, fruits, roots, and meats while avoiding foods such as grains, legumes, salt, coffee, dairy products, sugar, processed oil, and all kinds of alcohol. You don't just need to avoid heavily processed modern foods but you also need to avoid everything that humans began consuming after the dawn of the Neolithic Revolution. It was during the Neolithic Revolution when humans gave up their gatherer and hunter lifestyle in favor of a more settled agro-based lifestyle. **Paleo for Beginners** explains why your body needs a diet full of tasty fruits, nuts, tubers, and naturally raised animal products. Since you're probably new to this diet, **Paleo for Beginners** provides a wealth of Paleo Diet recipes for every meal of the day: Breakfast, Lunch, Dinner, and even more.

**Paleo Diet - a Beginners Guide to Learn How to Eat and Exercise Like a Caveman**  
Mega Recipes, 2012-11-21  
The Paleo Diet is the new craze. What is the Paleo Diet plan? The Paleo Diet consists of eating foods in their natural, usually raw state, like the ancient caveman. The belief is that foods in their natural states before processing are healthier for us. The name comes from the Paleolithic age when cavemen roamed the earth. The paleo diet meal plan is only part of the theory as exercise is also a primary reason why many believe in the paleo diet for athletes. There is a popular saying amongst dieters that says eat like a caveman and exercise like a caveman. Eating like a caveman means raw, natural foods grown in the ground. Meats from animals that graze on grass. Exercise like a caveman is important since all day long the caveman hunted and did physical labor since there were no modern conveniences like cars. Paleo diet cookbooks show both raw as well as cooked meals and we are happy to provide you a sample of some of our favorite paleo recipes. We also have a great section listing the paleo diet foods that are free to eat, foods that should be eaten only occasionally, and a list of foods to avoid. The Paleo Diet is a drastic change in one's lifestyle but is worth the change with the increase in health you can expect from the diet.
