Burn Your Safety Manual Today and Thank Me Tomorrow Keith Odom, 2018-09-24

This book despite the title is a book about managing safety It s looking at the safety field as a whole from a different angle to see where improvements can be made It s also moving away from the word safety and taking a more practical approach that may be more accepted by employees that will in turn help with compliance Sometimes we need to back up and look at things in a different angle and change what needs changing Safety is probably one of the most boring words in the English language so it has an uphill climb no matter where you are in your safety program It always needs help It s about being efficient with the materials we give employees that has value not check the box empty content type stuff **Engineer Field Manual...**
