**Personal Tutoring in Higher Education** Paula Hixenbaugh, 2006 A great deal has changed since the last book on personal tutoring in higher education appeared a decade ago Mass higher education and resource constraints have put pressures on the traditional models of academic support just when increased student numbers and greater diversity has made the need for one to one and small group learning more urgent Personal Tutoring in Higher Education examines the pressures on traditional models of personal tutoring and sets this against the benefits of greater interaction and engagement to support
