Conflict, Bargaining, and Kinship Networks in Medieval Eastern Europe Christian Raffensperger, 2018-04-26
Conflict Bargaining and Kinship Networks in Medieval Eastern Europe takes the familiar view of Eastern Europe families and conflicts and stands it on its head. Instead of a world rife with civil war and killing, this book presents a relatively structured environment where conflict is engaged in for the purposes of advancing one's position and where death among the royal families is relatively rare. At the heart of this analysis is the use of situational kinship networks: relationships created by elites for the purposes of engaging in conflict with their own kin but only for the duration of a particular conflict. A new image of medieval Eastern Europe, less consumed by civil war and mass death, will change the perception of medieval Eastern Europe in the minds of readers. This new perception is essential to not only present the past more accurately but also to allow for medieval Eastern Europe's integration into the larger medieval world as something other than an aberrant other. **Name Unknown: The Life of a Rusian Queen** Christian Raffensperger, 2024-06-03
Name Unknown: The Life of a Rusian Queen offers an example of an eastern European queen as a corrective to the western European focus of medieval queenship studies. Through a chronological approach, this book looks beyond the popular biographies of royal women such as Eleanor of Aquitaine and Berengaria of Castile and gathers material from sources throughout Europe. It engages with modern queenship studies literature to create a collective biography of a Rusian queen through the various cycles of her life: from the marriage of eight-year-old Verkhushlava to the death of the ruler of Minsk, whose generosity is recorded but not her name. For medievalists interested in women and queens, Name Unknown: The Life of a Rusian Queen provides an entry point to an area of Europe rarely studied in that literature. For Slavists, it presents a way of looking at medieval Rusian women that has not yet appeared in this scholarly tradition. Ultimately, this biography integrates Rus and eastern Europe into the medieval world and acts as an important reminder that women are essential to our history and thus to our overall understanding of the past. This book is of great use to students and scholars interested in the history of women, queenship, and medieval Europe.
